ADMINISTRATIVE OFFICER FIGHT LOOMS

SO WHAT

By Gil Wales

It seems that a certain oaf, whose byline has gone to his head, has taken it upon himself to build a little reader interest by hurling brick bats at the Daly City Record. Said brick bats were directed against a yarn appearing on these pages to the effect that the police wanted to learn of strangers in our midst.

Now before going any farther, let us relate what was behind that request. After the recent cold-blooded killing of Breslauer, it developed that the slayers made several trips to the scene of the crime prior to the actual wanton murder.

On each occasion, they were seen loitering about the entrance to the late Breslauer's office. Of course, you are aware that they were "casing the joint," as they say in the underworld set. In other words, they were ascertaining their chances of getting away with their foul intentions by noting the number of people passing the office, when and where the gendarmes patrolled, the general lay of the land, and the movements of Breslauer.

During these checks, yegmen are bound at times to arouse suspicion. They don't want their faces to be seen, and they look furtively when surprised, etcetera. Well, if anyone who had noticed such goings on had contacted the police that was the purpose of the story.

Furthermore, it seems that the large majority of cirmes committed in this area are by out-of-towners. For example, the Breslauer murder, and most of those solved in the recent past.

As a consequence, it is planned that a phone call will result in the immediate dispatch of a police car to the scene where strangers are seen lurking.

Now we come to the first downright and deliberate false state-

(Continued on Page 2)

Two Women Injured In Week-end Wreck

An elderly woman and a young lady suffered minor injuries last Sunday afternoon when two cars collided on Highway No. 1 near Junipero Serra boulevard.

Injured were: Mrs. Mary Hunter, 70, 539 37th avenue, San Francisco, and Mrs. Jacqueline Black, 23, 173 Throckmorton, Mill Valley. Both women were taken to Junipero Serra hospital in a police car. Mrs. Black was treated for a lacerated right leg, while Mrs. Hunter received treatment for a cut nose. Both were released after treatment.

The accident occurred approximately 100 feet from Junipero Serra boulevard on Highway No. 1 when a car driven by Norman B. Black, 26, a Mill Valley florist, collided with the rear end of a machine driven by Josephine A. Wallace, 46, a Palo Alto saleslady.

Neither of the drivers was injured. Mrs. Hunter was in the Wallace car while Mrs. Black was sitting next to her husband.

The front end of the Wallace car will need "extensive repairs," while the rear trunk of the Black car is going to need to be repaired, police said.

BATTYE DEMANDS COUNCIL SUBMIT NEW POST TO ELECTION --- MEETING MONDAY

Proposed County Charter Changes Are Revealed

A petition calling for four major changes in the present San Mateo County charter is to be circulated throughout the county beginning January 14, it was learned today.

The petition is backed by interested citizens in northern San Mateo county, and by several newspapers in this area, including the "Record."

Following are the principal points lister for amendment to the charter:

1. Members of the Board of Supervisors shall be elected by districts, rather than by the county at large.

2. The County Executive shall again be an elective post.

(In 1948, electors voted to abolish this post and substitute the office of county manager. The county manager is to be appointed by the board of supervisors in January, 1951. Present county executive is Frederick Peterson, who is now finishing his last lame-duck session as executive. Recently he announced that he will be a candidate for supervisor from the Fifth district.)

3. Except for the purpose of inquiry, the Board of Supervisors shall deal with the administrative service for which the County Eexecutiv is responsible soley through

(Continued on Page 2)

D. C. Soon May Have Park Near Ocean

Daly City soon may have a new park bordering on the ocean.

A letter was written by the council this week to the county requesting title to about 25 acres of land between Skyline boulevard and the beach. Presently this undeveloped area is known as Thornton Beach Park.

Thanks to the alertness of A. J. Bodien, works superintendent, the city learned that the county was planning to get rid of the land, as it had no use for same. Bodien neard of the proposal, as he is an active member of the County Planning Commission.

Mayer Paul Green reports that with a small outlay the land may be developed into a suitable beach park for local residents.

Defendant Found Innocent In Two Day Trial Here

A jury of Daly City residents Wednesday night found Wayne W. Downes, 345 Colon avenue, San Francisco, innocent of drunk driving and being intoxicated around a car.

Jury foreman, Edwin Chan, delivered the verdict after a two day and one night trial before Police Judge W. J. Sweeney. This was the first jury trial here since May, 199.4

The case arose out of a collision at the intersection of Junipero Serra boulevard and Highway No. 1 October 10, 1949. Driving one of the cars was Downes, while behind the wheel of the other vehicle was George Davis, 2817 San Jose avenue.

Following the accident, Downes was charged with being drunk in and around an automobile by the Daly City police department.

Downes pleaded innocent at his arraignment October 21. Then on December 9, an amended complaint was made out by the police department charging Downes with drunk driving.

The trial opened here Tuesday and before it concluded at 11 o'clock Wednesday night, the defense had brought forward 10 witnesses to the five of the District Attorney's office.

Defending Downes was San Francisco attorney Fred Winn of Mancuso and Herron. Vernon Vale, deputy district attorney, was the prosecuting attorney for the county.

Before the jury brought in its decision, it debated the issue for an hour. Serving on the jury were the following Daly City people: Mesdames Dorothy M. Kuhland, Ruth E. VanOtten, Virginia Davidson, Mary A. Dyer, Bertha U. Tribble, Hazel Leach and Thelma E. Hamilton; and Edwin Chin, Mathew A. Babich, Larry L. Jones, William S. Oliver, and Carl Berg.

Emporium To Open Branch Near D. C.

A new branch of the Emporium will open in the fall of next year, a mile north of Daly City in the new Stonestown project, it was learned today.

Ellis Stoneson said the building will be at the center of a shopping center to include a theater, medical dental building and numerous stores.

Plans for the new Emporium branch are not completed, but it is known it will be on three levels and have parking approaches for 2,000 cars.

Wurdeman and Becket are architects for the branch building.

PUBLIC HEARING SLATED FOR NEXT MONDAY NIGHT, JANUARY 16

Tossing a verbal bombshell into the city council meeting last Monday evening, Councilman Mel Battye demanded that the creation of a city administrative officer post be submitted to the vote of the people in April.

Battye's objection came as the council was preparing to pass an ordinance to create the administrative officer post.

Until Monday night, the councilman had made no public declaration as to his intentions to fight the proposed measure.

Principal other point of business before the council was a tentative legal decision by City Attorney Frank Blum as to whether or not the Starlight Theatre chain could be prevented from using Concordia streets.

Following a quick exchange of opinions between Battye, Mayor Paul Green and Councilman Edward Mooney, it was decided to adjourn the matter of the city administrative officer until Monday night, January 16. At that time a public hearing will be heard on the whole issue. Everyone in Daly City is invited to attend.

In a six-minute impromptu speech, Battye raised the following objections to the city council creating the post of administrative officer:

1. Four years ago, April 9, 1946, a measure to create a city manager post was submitted to the people for their approval. In the subsequent election, the measure was defeated by the close vote of 1,126 against to 1,035 for.

Therefore, Battye said, the people have spoken, and until the measure is again put up for their approval, preferably in this April's elections, the council does not have the right to pass the administrative officer ordinance.

2. As there is little difference between a city manager and an administrative officer, and as the people voted against a city manager, they also voted against the former title.

"The only real difference I can see between the two posts is in name only," Battye said.

3. Through appointing an administrative officer, the council is changing the essential form of city government.

Upon completion of Battye's statement, Mooney said the difference between the two posts was that a city manager had more power than an administrative officer, and that the latter was to be appointed to act only as a coordinator between the branches of government.

"Have you read the ordinance throughly?" Battye asked Mooney.

"Yes," Mooney quickly replied, "and I think it is for the benefit of Daly City."

At this point, Mayor Green brought up the principal reason why he, and the other three council members, see fit to have an administrative officer.

"In the first place, this city has grown so fast that we do need a full - time coordinator," Mayor Green said.

"In the second place, this administration has put over so many plans for city improvement, such as the $396,000 War Memorial and park bond issue, that we need help. You can't expect a council elected to work part time to put in night and day on measures which need immediate attention."

When Battye asked the mayor why the council had decided to switch from a city manager to an administrative officer, Mayor Green said:

"We have found, by examining the city manager plan in other cities that it has not proven successful. Therefore, we believe an administrative officer is a much better form."

Julius F. Castelan, present in the audience, then took the floor and said:

"There is no provision in the ordinance for the administrative officer's salary."

"Right," Mayor Green said. "This is to be set later by the council."

(Present estimates are that the officer will receive from $400 to $500 a month for his work.)

Later the ordinance to create the administrative officer's job was read for the second time. Following the reading, Battye asserted

(Continued on Page 2)

Here Is Something For Almost Nothing

On page 11 of today's "Record" readers will find the rules and regulations for the new "Korny Kopy" limerick contest.

Co-sponsored by the "Record" and France Laboratories, Inc., the contest offers all residents in this area an opportunity to win enough PIP shampoo for 14 months. This is the new product now being manufactured by France Laboratories under the management of Roger Rousille, Daly City man.

There is nothing to send in, nothing to do but write a simple four or five line limerick. Winners will be chosen each week for five weeks and, in all, 30 grand awards will be made.

VOLUNTEER ARTIST

Miss Elizabeth Farmer, San Bruno, is the new volunteer artist for the San Mateo County Chapter of the American Red Cross. A native daughter of San Bruno, she is now studying at San Mateo Junior college. Miss Farmer has just completed a series of drawings for use in the annual report of the Red Cross, and for the coming fund campaign.

Xmas Tree Sets D. C. Home On Fire

Literally exploding into flames, a Christmas tree Thursday morning turned the living room of a Daly City home into a blazing inferno.

Before the fire was brought under control, two persons suffered slight injuries and the front room of the home of Joe Freccero, 2497 Junipero Serra boulevard, was reduced to a burnt shell.

Injured was Mrs. Freccero, who attempted to smother the flames on the tree. She suffered burns on her hands. An unidentified neighbor also sustained a cut leg when he smashed out a baywindow and pushed the burning tree into the yard.

Firemen reconstruct the blaze as follows: A short circuit in the Christmas tree lighting started the fire. Before Mrs. Freccero could get help, the flames jumped from the tree to her curtains, rugs, and sped up the walls of the front room.

A neighbor turned in the fire alarm, then assisted Mrs. Freccero in pushing the burning tree out into the yard.

By the time firemen arrived, the front room was in flames. They put out the fire in approximately

(Continued on Page 2)

One Case Where Radio Apparently Needs Repairing

Radio reception concerning local politics is ludicrously poor these days, as witnessed by an event at Monday night's council meeting.

Eric Moore, 150 Edgemar, rose to ask Mayor Paul Green a question concerning a possible appointment of a man to the still to be created administrative officer's post.

"I heard something on my radio that the council had a man by the name of Smith in mind," Eric said.

Smiling broadly, Mayor Paul Green replied:

"You'd better get your radio repaired."

At the present time the city council and H. H. Smith, former Daly City mayor, are on the "outs" concerning several important city improvement matters.

BROADMOOR EXPERIENCES FLOOD OF RAIN AND SILT

This was the scene in front of the Michael Cuningham home, 1002 Washington, Tuesday afternoon. What appears to be a river in front of the house is some of the rain that flooded all of Broadmoor. The pile of mud was swept down from the hills behind the Village and, no doubt, also contains some of the soil from several backyards. Property owners are meeting tonight to see if something can't be done to check further such erosion.

(Photo by Myra)

Rain, Rain Go Away; Two Inches Fall During Week

Both skeptical of the heavens and the weather man today are Daly City residents who all week have been expecting cold and got a record rainfall of almost two inches.

Monday the torrent of rain swept through Daly City. That evening the weather man predicted the rain would give way to a cold spell.

Tuesday, more rain, no cold.

Wednesday, same.

Today, the weather man predicts no more water and lots of Jack Frost's handy work.

But don't bet on anything the weather department says about Friday. Remember the number of the day, 13!

oMeanwhile, looking back over the week which saw torrential rain and wind lash at the city, this community came out fairly well. Broadmoor suffered from silt and mud (see other story in "Record") but on the whole Daly City residents escaped with no more than wet feet and bad colds.

Only damage reported during the two inch downpour was at a home construction job on 168 Hillcrest drive. Here the rear wall of the home was blown down by wind, and the builders barely had time to prop up the side walls.

Down in Colma, a 30 inch water main blew out in nearby truck gardens. Although Colma is served by the main, only Millbrae reported a water shortage when the line was cut off for a time for repairs.

Three Injured In Collision

Three men suffered minor injuries in an automobile collision at the intersection of Market and Mission streets at 9:57 p.m. Tuesday.

Suffering small cuts and abrasions were: G. J. Crumley, 33, 4182 Army street, San Francisco; Robert Graham, 22, 780 Shotwell street, San Francisco, and Gulio Buhen, 22, 364 Sawyer street, San Francisco. All three men were taken to Junipero Serra hospital in a police car, treated, and sent home.

The first two men were riding in a car driven by Richard C. Hacker, 22, 126 Fair Oaks street, San Francisco. Buhen was a passenger in a vehicle driven by Daniel R. Magalit, 41, 364 Sawyer street, San Francisco.

Both drivers were coming north on Mission, when Buhen assertedly made a left turn and the crash occurred. Pending further investigation, no citations were issued by officers.

Property Owners Meet With County Officials For Erosion Discussion

Digging out from tons of silt that washed away backyards and gutted streets in Broadmoor Tuesday, are residents of the Village today.

With the conviction that this week's catastrophe must never happen again, the Broadmoor Property Owners Association will meet with Supervisors Ed McDonald and Tom Hickey tonight, January 12. Also present at the public meeting will be County Engineer M. A. Grant.

During Tuesday's downpour, most of the silt rolled down into the Village from tne hill at the end of Gilman drive. It is on this hill that the Stoneson company is putting in more homes.

Washed out in the path of mud was the yard of a Mr. Caufield and a Mr. Venucci, Mrs. Verna Duste, "Record" correspondent reported today.

Other owners in the Broadmoor area suffered damage of an undetermi endamount from the rush of silt, Mrs. Duste said.

Wednesday morning Supervisor McDonald and Hickey made a tour of Broadmoor to se for themselves what the storm had done to property.

Who is to blame for the damage has not yet been determined. However, Supervisor McDonald said:

"We will attempt to reach some equitable agreement wherein those who suffered damages will be satisfied."

As Broadmoor is in the unincorporated area of northern San Mateo county it is under the supervision of the county.

But the meetings will not only discuss what is to be done about past damages. Also to be considered will be means of preventing further erosion in Broadmoor.

County Engineer Grant is expected to make several suggestions in this respect.

Whether or not a representative of the Stoneson corporation, Broadmoor builders, will be present, Mrs. Duste did not know.

However, it might be noted here, that for the past several years the property owners have endeavored to reach some agreement with Stoneson to have trees and shrubs planted in the hills behind Broadmoor to prevent what happened this week. The majority of their efforts have not been successful.

Meanwhile, the Thursday night meeting is alsd being called to consider new water rates proposed by the California Water Service Co.

Chimney Fire First Call Of New Year For D. C. Firemen

Out on their first call of the New Year last Sunday afternoon Daly City firemen put out a minor chimney fire.

The fire was at the home of Mr. and Mrs. William Beecher, 100 Los Olivos. It was started at approximately 1 p.m. by a quantity of soot that had gathered in the chimney.

Three engines from Companies No. 1, 2 and 4 answered the alarm.

The blaze was brought under control in a few minutes, and Mrs. Beecher reports there was no damage.

Federal Agents Investigating Bookie's Income

Federal agents today were investigating the past activities of bookie Martin Breslauer, killed in a robbery attempt here September 28.

The agents from the United States Internal Revenue Department were interested in discovering whether or not the bookie failed to fill in the right figures on his income tax reports.

The investigation was prompted by the fact that Breslauer, who reportedly handled $2,000 a day for the 30 years he operated here and in San Francisco, left an estate of only $4,547. Federal agents figure that his profits should have been close to $200 a day.

Breslauer was arrested only once during his career. That was in 1949, after which he assertedly set up operations in Daly City.

The bookie's alleged killers, Roy Teller and "Midge" Ruano will go on trial in the San Mateo Superior Court February 14. Action on the two other men involved in the slaying, Glenn McMains and Joe Teller, still is pending.

Hillcrest Drive To Be Extended To J. S. Boulevard

Plans for extending Hillcrest drive through to Junipero Serra boulevard were being drawn up today by City Engineer R. A. Klassen.

The extension would connect Daly City, via a closer route than Alemany, with Highway No. 1 which divides Broadmoor and Westlake.

It is estimated the extension can be completed so as to tie in with the intersection of Junipero Serra and Highway No. 1 when signals are put in there this summer.

Not only would the extension offer a more direct route for residents here and in Westlake, but would also serve as a safety measure. Motorists would no longer have to go down to Alemany and swing across a line of traffic. Instead they could cross directly from Highway No. 1, or vice-versa, into Daly City via Hillcrest drive.

The suggestion that Hillcrest be extended was made by Mayor Paul Green at a recent meeting of Joint Highway District No. 16.

$430,000 DISPOSAL PLANT FOR DALY CITY

Council Approves Plans For Sewage Treatment Unit To Be Built Here

Preliminary plans for a Daly City $430,000 sewage treatment plant were tentatively approved at a caucus meeting of the city council Monday night.

This was a major step in the city's efforts to find some other method of waste disposal than the ocean, which was recently banned by the state. The figures, presented by Harry Jenks, Palo Alto engineer who has constructed several such plants in California, confirmed the previous opinion of the council that the cheapest method of disposal is to build a plant.

The unit would be built to serve a population of 35,000, Mayor Paul Green said.

Cost of the project, should it go through, will be shared four ways—by the state, San Mateo county, the federal government and Daly City.

From the state Daly City will receive $87,000 set up as a matching fund to assist communities in construction of such plants. The county, via the Colma Sewer Maintenance district, would also share in the expense, as it is planned the unit also will serve parts of unincorporated northern San Mateo county.

Present plans call for Daly City operating the system, but the costs to be shared by both residents here and in the surrounding unincorporated areas.

To reach an agreement between Daly City and the county, the city will meet with the board of supervisors sometime in the "near future" Mayor Green said.

The mayor noted that a letter has been sent to the government General Service Administration asking for funds to share the costs of planning the sewage treatment plant.

Contemplated site for the unit is in the settling pond area, west of Westlake Tract No. 1, Mayor Green stated. This will be near some large units of the Colma Sewer Maintenance district, and will take advantage of pipes already installed.

Further details are not available at this time, but the mayor asserts the contemplated Daly City project is much like the situation in Redwood City where the sewage treatment plant cost is shared by the city and the Fair Oaks Sewer Maintenance district.

It might be noted that, while the council can approve drawing up plans for a sewage treatment plant, the vote of the people will be the final word in its actual construction.

"Come And See" Is Sermon Topic At Broadmoor Church

By The Rev. Max Zschiegner

Theme of the sermon at the Lutheran Church of Broadmoor this Sunday will be "Come and See."

To those who "have time" to spend one hour of the 168 hours God gives us each week with the Lord, we extend a hearty welcome. Services begin at 11 a.m., with Sunday school for children from 3 to 13 at 9:45 a.m.

Meetings are held in the Broadmoor Community Center, White street, just off of 87th street.

Meanwhile, mothers of children atending Sunday school, and ladies of the congregation will hold their first meeting of 1950 Tuesday, January 17 at 8 p.m. Those interested are asked to call Mrs. J. W. Hirshberg at JUniper 4-2943.

There is still room for some more men and women who are interested in becoming a little better acquainted with the Book of Books. At last Monday's meeting of the newly-formed Bible class of Lutheran Church of Broadmoor, it was decided to meet at 8 p.m. each Monday in a home in Broadmoor Village to be announced.

There are no fees, no obligations, and the group which meets is not a "membership" class. The sole purpose is to provide a means of action for those who at one time or another expressed a desire to "know a little more" about the Holy Scriptures.

It was decided to begin the study of Genesis. If you would like to join the group, please call Pastor Zschiegner, SEabright 1-1523. Next week's class meets at the home of the Janssen's, 1707 Louvaine drive, Monday, 8 p.m.

Proposed County Charter Changes

(Continued from Page 1)

such officer. Any interference by the part of the supervisors, shall constitute official misconduct.

4. All offices and departments of the county shall submit their budget estimates to the County Executive for revision and approval. The Board of Supervisors may decrease or reject any item contained in the proposed budget as approved by the County Executive, but shall not increase any amount without approval of the Executive.

These are the principal points of the petition which the voters will be asked to sign. If 10,000 qualified electors sign the petition it will reach a June 6 special election to be held in conjunction with the primaries, County Clerk Augustus said.

Purpose of these changes, backers say, is twofold:

First, is to give the vote back to the district, instead of the county at large. At the present time voters of Burlingame, San Mateo and Redwood City outnumber the entire vote in the northern part of the county and in the coastside towns.

Second, by removing some of the power from the hands of the Board of Supervisors, and returning it to the County Executive officer, the system of checks and balances is enforced.

Presently, the supervisors (elected by a small part of the county) have the power to elect the county manager and thereby control the county purse strings.

Evidence of their "work" along this line can be seen in the fact that, since the County Executive has been checked, general county government expenses, exclusive of schools, had gone from $3,026,826 in 1944-45 to $11,323,973 in 1949-50.

"When and if the amendments are made to the charter, government will again return to a representative one, instead of one of the minority," a petition backer said.

Other points on the petition include:

1. The Board of Supervisors shall, subject to the provisions of this charter, appoint a board of education and a board of law-library trustees.

2. The County Executive shall appoint a Board of Health and Welfare, a Recreation Commission, a Civil Service Commission, a Planning Commission, a County Fiesta Commission and appointive heads of County departments. He shall fill vacancies occurring in any elective office for the unexpired term.

3. Salaries shall be set at $3,600 for supervisors; $12,000 for the Executive; $10,000 for District Attorney; $8,500 for Sheriff, and $6,500 for other public office heads.

4. The County Executive shall approve all claims or demands against the county.

NO TIME SAVED

Cutting corners cuts your driving time very little, or not at all, but it greatly increases the traffic hazard for yourself and others, warns the Cailfornia State Automobile Association. Slow down for turns, and signal properly so as to warn other drivers.

Public Hearing Monday Night

(Continued from Page 1)

that the following clause, incorporated in the ordinance to create a city manager, was missing:

"No person elected to membership in the city council shall, subsequent to such election, be eligible for appointment as an officer until one year shall have elapsed following the expiration of the last term on which he was elected."

Mayor Green quickly answered Battye by asking City Attorney Blum to insert the clause into the administrative officer ordinance.

This ended the discussion, which will be taken up again Monday.

Earlier in the meeting, City Attorney Blum gave the following tentative decision on whether or not the Starlight Theatre Co. can be stopped from using Guttenburg and Lowell as exits and entrances to the theater they will have completed by summer of this year.

(The people in the Concordia land area, near the theater, have objected to the theater's failure to help pay for an assessment district in the area. Hoping to get approximately $10,000 from the theater, to assist in paving streets and putting in sidewalks, the Concordia land owners plan to stop the theater people from using Lowell and Guttenburg, until their demands are met.)

Blum brought up the following two points as the legality of preventing the theater from using the aforesaid streets:

1. As they do have another possible exit and entrance, it probably will be possible to prevent them from using Guttenburg and Lowell.

2. As the county planning board has zoned the theater as "commercial," and as the city has zoned Concordia as "residential," this may be grounds to prevent the theater from invading the residential section.

On this latter point, Blum said Daly City may well set a precedent in law, as he knows of no cases in California where such a case has ever arisen before.

Following his report, Blum stressed that it was only tentative, and based on the cases he had examined. He said he would look into more cases, and submit a written report to Battye, who had requested Blum's opinion, before the next council meeting.

Other business before the council included:

1. Accepting the deed for lot 44, block 5, in the Concordia district. The city paid $350 for this property.

2. Passing six resolutions to set up the Concordia assessment district. February 14 was set for the final public hearing on the district.

3. First reading of an ordinance to prohibit sale of sling shots and air guns to minors in Daly City.

4. Passing an ordinance to put the jobs of garage mechanic and building inspector under civil service.

5. Cutting city inspection fees on certain plumbing services from $7.50 to $2.

SO WHAT

(Continued from page 1)

ment of the snide tale leveled at the Record. In so many words, it said that the cops would arrest all strangers found in Daly City. More, that there aren't enough officers to do that.

What tripe. There is no such intention. The police only want to be apprised of the appearance of strangers. They do not plan to make arrests as a result of the calls. On the contrary, their primary purpose is to take a look see.

Keep in mind that trained and alert cops, such as we have, know what it's all about. Furthermore, they have pictures and records of most of the criminals operating in this area, and they can spot them, if seen hereabouts.

Next, the barbed article asserted that the writer was not sure that Chief Sunderland would like the job proposed by the Record. "Proposed by the Record," if the allfired scribbler had made the slightest effort to read straight or confirm his interpretations, he would know that phrase was absolutely wrong. For our reporter got the story with the request from City Hall.

As for it being old hat journalism, let us point out that such requests are dealt out by police officers in the largest cities of the United States. For instance, we, as a reporter on prominent dailies in New York City, have received behests from police headquarters.

But to touch on the lowdown of the distribe, the writer, who tries to make it appear as though he is an old hand at news work, knows very little about it, and before he tries again, it would be wise for him to learn the fundamentals of this business.

Anyone with half an eye, can see through him. He seized upon something, and after twisting it all out of shape to fit his fancies, tried to use it as a means of getting in the good graces of the Daly City people at our expense. Well, it is sure that such shennanigans will not fool our folks. . .

With that, let us move on to pleasant subjects. We attended the recent meeting of the North County Councils of San Mateo County, which convenes every two months, to discover the group profits and learns a great deal in the exchanges of data.

Frankly, we wondered what worthwhile results could be obtained before journeying up to Lyle's restaurant on El Camino Real, where representatives from Daly City, Colma, South San Francisco, San Bruno and Millbrae sat down to dinner before discussing business.

First topic on the agenda was the situation regarding ambulance service. It seemed that the original agreement called for 16 hours on duty per week day and 24 hours on Saturday and Sunday. However, something went amiss and the prescribed schedule was not complied with.

In any case, Councilman Emilio Cortesi, of South S. F., was delegated to look into the matter for the group, as the service covers all five of the townships. He reported that everything wasn't up to snuff but as a result of his powows with the Ambulance people, service was restored to 16 hours daily, and he is working for 24 hours on weekend days.

Next, George Warman revealed that a cooperative dog pound, wherein the five towns participated, would mean a tidy saving to each one. Then a committee of three councilmen was selected to investigate his findings and come up with a report at the next meeting.

At this point, inquiry divulged that many such proposals have resulted in sound savings to you and the people of the other four towns.

Later, Max Leonard, county agriculture commissioner, delivered a talk on his pursuit to disclose that as San Mateo county is one of the richest soils anywhere, every encouragement should be given to those who till the earth hereabouts.

Many of the finest blooms are grown in this vicinity, 75 per cent of the ferns cultivated in California come from the Colma area, and a number of foodstuffs such as artichokes thrive around us, according to some of the details told by Leonard.

The meeting was presided over by Jack Price, Colma councilman and superintendent of Olivet Memorial Park, in place of Peter Barsi, mayor of Colma, who was present but not feeling well. The next get-together in early March will be held in Daly City.

Xmas Tree Fire

(Continued from Page 1)

20 minutes, and prevented it from spreading to the rest of the house.

Pending estimates, no report can be made as to the extent of damage in dollars, firemen said.

Jeff Cagers Open P.A.L. Season Friday, January 13 At Home Against Sequoia

By Milton Tromborg

Hoping there is nothing in the superstition Friday, January 13, is an unlucky day, the Jefferson quintet open their first game in the PAL league tomorrow.

The Indians will take on the defending champions of the PAL, Sequoia. Game time is 3:15 p.m. on the Jefferson court.

There is no doubt that in Friday's game Sequoia is the favored team. But we are not going to sell the Indians short. They have the ability to make a ball game out of it, and with a few breaks they may stage an upset.

While the starting lineup is not yet known, here is the tentative team:

Forwards, Harold Mosman and David Belli; center, Jack Allain; guards, Mark Lowry and Les Nicolini.

Looking over the five players, we will attempt to tell a little about each one.

Jeck Allain is a sophomore, but he has played for the varsity for one year. He is 6 feet 7 inches tall, and this, in no short way, accounts for his value. While his rebound work is not too good, he will improve as the season goes by.

Harold Mosman is a returning veteran from last year's squad. Although the shortest man on the team (he is 5 feet 10 inches tall), Mosman is fast, has a good eye, and if he can make it in to the open territory, is a definite threat to Sequoia.

David Belli is another lad with a good eye for spotting baskets. But here again, this depends on whether or not he is able to throw the Sequoia guards.

Mark Lowry, a transfer from Sequoia, will have the distinction of playing former teammates. Towering 6 feet 1 inch, Lowry is a good floor man. In our opinion, he is the best man on the team.

Les Nicolini, in the other guard position, also has a reputation as a ball handler. He played for the 30s last year, and there showed he can fire a basket from way out in the court.

Whatever the final score, we know the Jeff quintet will put on a good showing. There are not too many home games this year, so why not come to the gym Friday afternoon?

The 30s will start off by playing the first game at 3:15 p.m.

Now here's a quick run-down of other games played last week in the PAL league. Jeff opened the season last week with a bye, so is not represented.

Sequoia, 40; San Mateo, 38
Lincoln, 41; Palo Alto, 37
San Jose, 48; Half Moon Bay, 20
SSF, 34; Burlingame, 21

Broadmoor Legion Plans Feb. Dance

Making plans for a "Hard Times" dance today, are members of the Broadmoor American Legion Post No. 824.

The dance is scheduled for February 25 in Colombo Hall, Colma.

Theme of the affair should interest all those who either hate to dress up, or "just love to put on that formal" for a dance. Everyone is invited to come just as he or she feels the most comfortable. Any type of dress is acceptable.

In addition to the dance, someone will walk home witha television set.

Further information on the event will be published on this page in subsequent issues of the "Record."

Tickets may be obtained from any Legion member, or by calling Bill Merchant at JUniper 5-1223.

SPORTS

Kramer-Gonzales Match Tonight, Friday, in S. F.

Headed by champion Jack Kramer and challenger "Pancho" Gonzales the Bobby Riggs' all-star tennis troupe comes to the San Francisco Civic Auditorium tonight and Friday, January 12 and 13.

Featured match will be the Kramer vs. Gonzales singles duel. It pits the pro champion, Kramer, against the 21-year-old Pancho, two-time national amateur singles champion.

In the 39 matches played so far Kramer has shown his ability and downed Pancho in almost every match. But the score is not as lopsided as it first appears. In 12 of Pancho's losing matches, he needed but one more point to win.

Three matches comprise each of the two programs. Frankie Parker clashes with the tiny Ecuadorean star, "Pancho" Segura, in the opening singles match at 8:30. Then, after the Kramer-Gonzales duel, the doubles play sends Kramer and Parker against Segura and Gonzales. The program will be altered for the Friday night show with Bobby Riggs entering the competition.

Tickets can be obtained at the California Tennis Club; Crane Box Office; S.F. Sherman Clay office.

Liquors, Colma In Two Way Tie For League Lead

By Milton Tromborg

In a two-way tie for first place in the Jefferson High School Night basketball league today are the Colma Boys Club and Union Liquors.

Following games played last Thursday and Tuesday, the two teams came up to the top with four wins each and no losses. Last Thursday the Colma Boys outplayed the Visitacion Valley Merchants 51 to 31, and then on Tuesday whipped the Daly City Boys Club 47 to 23.

Union Liquors played only one game, taking Veteran's Inn by the close score of 44 to 38 Tuesday night.

One of these teams is sure to come out on top of the league, and the big story will probably be told January 24 when they clash in the Jefferson High school gym.

In the other game played last week, Consolidated Schools took the Daly City Boys Club by 50 to 21. This was the third straight defeat for the Daly City boys.

Consolidated was sparked by Jack Dederman with 11 points and Milkortich with 10 points. Ledson led the Daly City team with 8 points, followed by Shannon and Gummere with 4 points each.

The second game played last Thursday night saw Savelly put up a wonderful floor game for the Colma team against the Merchants. He scored 18 points, and is now only behind the Veteran's Inn Rial, who hit 24 points.

Tuesday night's games saw Dunn set the pace for the winning Liquors team with 14 points. Rial came back for the Vets with a similar number of points.

Johnson, in the game between Colma and Daly City, hit the basket for his Colma team, while Gummere racked up a total of 8 for the Daly City lads.

Despite the Colma victory, they just don't look like the same old team. They seem to get off to a slow start, and only cinch a game in the last few minutes of play.

But come down to the Jeff High gym, and see for yourself. Games are free to the public and are held each Tuesday and Thursday night, beginning at 7:30 p.m.

Here is the present standing of the teams:

	Won	Lost
Union Liquors	4	0
Colma Boys Club	4	0
Consolidated	3	1
Tromborg Plumbing	1	2

NEWS FROM THE SCHOOLS

CROCKER

After two days back at school Room 3 is getting back to a routine. All the "What did you get for Christmas?" questions have been answered.

With the end of the term not too far away, we find that there is much ground to cover before us. Vacation is over.

Children of Room 5 reported wonderful vacations whether they stayed home or went on trips. One of the boys was lucky enough to get into snow country. Perhaps the most interesting experiences was had by two of the group who attended an "Examiner" dinner where they saw all kinds of tricks.

The group is now leaving mysterious India in social studies and is journeying into the Near East. They have found out who Mohammed is and how he started a religion. Followers of Mohammed turn toward Mecca, Arabia, five times each day and begin to pray, saying: "There is no God but Allah, and Mohammed is his prophet."

Room 6 enjoyed a splendid film about Peter Zenger, the pre-Revolutionary American newspaperman. He was brought to trial for his bold honesty in printing the news. However, he was found "guilty" only of telling the truth, and was acquitted.

Some 267 Crocker students came back after the holiday vacation to renew their academic chores. Activities were in full swing in the classrooms as preparations for the final lap of the term were planned. This is the last group of high eighth grade students to graduate from the Crocker School in midterm, and they are busy preparing for their graduation program. Shining desks greeted the students in each room, when they entered to find each desk, including the teachers' desks had received a new coat of varnish; thus giving the school a "new year" look.

$5,599,507 Worth Of Building Here During Past Year

Total building in Daly City last year was valued at $5,599,507, an all-time record for this community.

Final figures for 1949 construction work in Daly City were released today by A. J. Bodien, works superintendent.

Of the 574 homes built here during 1949, more than three-quarters or more of them were put up by Henry Doelger in his Westlake project. Total value for all the homes was $5,049,910.

Previous peak in home building during the past 10 years was in 1947 when 227 homes were put up at a total of $1,833,475.

And until last year's record, 1948 was the high year for construction work, with a total value of $2,425,332.

During 1949 there were 131 alterations at a total value of $79,992 and 27 commercial buildings built at $469,605.

Summing up all building in Daly City for the past 10 years, Bodien reports that the grand total in value is $12,971,382. Of this sum $10,592,935 was for new homes.

Hence, in total construction work during 1949 close to one-half of the sum for the past 10 years can be found.

Low point for all building in Daly City was 1943. During that year not one home or commercial structure was put up here, and there were only 33 alterations for a total of $17,486.

JEFFERSON

The sixth grade has begun the study of South America. Many interesting facts about the climate have been discovered. Reports on Colombia and Ecuador have been given and enjoyed by the class.

Some Christmas cards from foreign countries, notably Italy and England, were shown and compared with our own country. Sandra Stanghellini brought some letters from Russia, Arabia, Israel, and Greece. These letters were written in the native language and were a source of interest.

A large wall-map of South America is now being made by Lowell Klaisner and Ronald Casentini. This map was enlarged from their geography book, and is the result of an arithmetic lesson on maps.

ADJUST SPEED

Always adjust your driving speed to driving conditions, urges the California Automobile Association. Slow down at night, or when the weather is rainy or foggy. Don't take chances.

QUICK STOPS COSTLY

Unnecessary quick stopping and starting of a car causes excessive wear on tires and brake linings, and increases gasoline consumption, advises the California State Automobile Association.

Out Ahead Again for 1950

New Power and New Features in Light and Medium Duty Models
New "Weight-Saving" Diesel Tractors • New Middle-Weight Six-Wheelers

Once again GMC leads the truck transport parade . . . introducing many important new models and improvements.

New camshafts, valves and manifolds step up power in engines of light-medium models. Wider seats, more headroom and improved sealing increase cab comfort. There are new chassis features, including new hydraulic and optional air brakes on 2½-ton models, new front springs and airplane-type shock absorbers on light trucks.

The new models combine to offer GMC power, dependability and economy to many more operators. There's a new 1½-ton 280 . . . a new heavy duty 2½-ton 470 . . . two new 400 and 620 six-wheelers . . . two new "weight-saving" Diesel-powered tractors handling maximum legal payloads in the 45,000-55,000 pound weight range. Get the facts here, today.

"Make Believe" First Play Little Peninsula Theatre

Peninsula Little Theatre has announced January 13 and 14, 20 and 21, as production dates of "Make Believe," the organization's first play for 1950, at the auditorium of the San Mateo Junior College, 124 Baldwin avenue, San Mateo.

The production of a play for children by Peninsula Little Theatre, has long been urged by local parent's groups, and with "Make Believe," by A. A. Milne, creator of the delightful "Winnie-the-Pooh" stories, Director Robert Brauns presents an hour and a half of rollicking entertainment which will appeal to children and their parents as well.

A cast of 50, one of the largest ever employed in a Peninsula Little Theatre production, is necessary for the three acts which range in locale and subject matter from a fairy-tale forest to a desert island, complete with cannibals, dusky maidens and a pirate band.

"Make Believe" with a clever story, gay folk dances, plus brilliant lighting, costuming and special effects designed by Technical Director Sam Rolph, offers something to appeal to children of every age group. In addition to the evening performances at 8 p.m., two Saturday afternoon matinees will be presented at 2 p.m. for the convenience of the younger theatergoers.

Call DIamond 4-3788, between 1 and 3 p.m., or between 8 and 9 p.m., or mail your order to P. O. Box 543, San Mateo.

Husband, Wife Hold Top Offices In Local Parlors

When the joint public installation of officers of both El Carmelo Parlors of Native Daughters and Sons is held here Wednesday, a husband and wife will be playing the major rolls.

The husband, Alfred Koskele, will be installed as president of the men's organization, and his wife Madeline will be installed president of the women's organization.

This is the first time in the history of the groups that husband and wife have held the same respective offices.

Installation ceremonies are to take place in the Daly City Masonic Hall, 17 Hillcrest drive, at 8:30 p.m. Wednesday.

After the official installation there will be a dance. Everyone is invited to attend both of these affairs.

The following new officers will be installed in the women's parlor: Madeleine Koskela, president; Yvonne Marshall, Edna Alvigi and Roberta Romer, vice-presidents; Hattie Kelly, recording secretary; Chris Hulme, financial secretary; Julia Romeo, treasurer; Helene Wallerga, marshal.

Bethel W.D., O.J.D., To Meet Jan. 20

Hailed a great success today was the first meeting of the New Year, January 6, for Bethel W.D., OJD.

Following the meeting, various games were played in which all the members took part.

The next conclave will be Friday, January 20, at 7:30 p.m. at the Masonic Temple, 17 Hillcrest drive. After the regular business has been completed, the members will folk dance.

The folk dancing committee includes: Marian Newcomb, chairman; Gail Howard, Alice Reardon, Shirley Rasor, Barbara Boysen and Nancy Findlay.

SOCIETY

Heavy Rain Fails To Dampen Crocker PTA Tuesday Meet

Despite the heavy rain, the Crocker PTA's regular meeting Tuesday was well attended.

Topic of the day was "Health." Guest speakers included Miss June Gross, district school nurse, and Hugh Falconer. Falconer showed a movie, "It's Your Health," dealing with dental care.

A transcription record player was then demonstrated and explained by James Snell and Falconer. The ladies were favorably impressed, and plan to buy one of the machines for the PTA in the near future.

Along the line of health, Mrs. Ann Ingersoll, health chairman for the unit, gave an interesting report of the 17th district meeting.

Later, delicious home made cakes were served by Mesdames Thelma Holcomb and Norma Clerrell.

Looking to the future we have:

A life membership whist scheduled for February 3 at the home of Mrs. Martha Wegner, 399 Crocker, at 8:30 p.m.

The public is invited to attend, and there will be several awards for the winners. Chairman for the affair is Mrs. Ann Eason. She will be assisted by Mrs. Eve Hobbs and Mrs. Ann Ingersoll.

Topic of the regular February meeting will be "Founders Day." This is the day set aside each year to celebrate the birthday of the PTA.

Mrs. Julia Jordon will be chairman for this event. All PTA members are invited to attend.

Meanwhile, Mrs. Erwin Schmidt, unit president, attended the presidents meeting Monday at the C.C.P.T. 17th district.

Girl Scouts Elect New Officers

At their first meeting of the new year Monday the scouts of Girl Scout Troop No. 1 elected officers.

New president of the group is Sharon Bradley. She will replace Patty Michelsen.

Other officers include: Grace Hernandez, vice-president; Sonya Thorne, secretary; Janet Mosley, treasurer, and Colleen McCann, troop scribe.

The new officers will take over their official duties at the next meeting of the troop.

Past officers, Edith Prescott, Carol Morris, Claudette Covell and Esther Larson congratulated and welcomed the new officers.

Later, Mrs. Michelsen discussed the saving of camp stamps, and a picture was taken of the past officers.

Mrs. Heagney New Scout President

New president of the Daly City-Colma Girl Scout Association today is Mrs. Hilda Heagney, 159 Santa Barbara.

Mrs. Heagney was installed at the annual meeting of the group at the Colma Community center Wednesday afternoon. She took over the gavel from Mrs. Stella Jensen, Clark avenue and D street, Colma.

Mrs. Jensen, who has served as president of the group for the last five years, resigned from her post. She said she would continue her scout work in an unofficial capacity.

Preceding the installation, the group enjoyed a pot-luck luncheon.

Couple Celebrate Golden Wedding Anniversary Here

Surrounded by the majestic peaks of the Rocky Mountains, Isaac Byers led his young bride up the aisle of a Banff church 50 years ago this Tuesday.

It was this simple, but binding ceremony that was celebrated last Saturday in the home of Mr. and Mrs. Byers' daughter, Mrs. William P. Harold, 53 East Lake.

Honored guests of the evening were, of course, Mr. and Mrs. Isaac Byers, who on January 10 celebrated their Golden Wedding anniversary.

It had been a long, not often easy trip to that Daly City home Saturday night. But the faces of both Mrs. Byers and her 83-year-old husband showed neither the worry nor care of the years. They were happy . . . happy as only people can be who have found, and held on to love.

Both Mr. and Mrs. Byers were born in Ontario, Canada. But it was to take several years, and thousands of miles to bring them together.

Just 50 years ago this week, the future Mrs. Byers came from her home in Ontario to visit a sister in Banff. Here she met Mr. Byers, who at that time was operating the first newspaper in Banff.

After a brief courtship, they were married. However, it wasn't until 1926 that the couple came to the Bay area.

At that time Mr. Byers opened a grocery store on the corner of Plymouth and Grafton. He operated the store until 1948 when he retired.

Presently the Byers are living with their other daughter, Mrs. Alec Young, at 159 Lee avenue, San Francisco.

The Saturday evening party, to mark the wedding anniversary, was attended by some 75 close friends and relatives.

Held in the home of Mrs. Harold, it was given by her and her sister, Mrs. Young.

Among those present to wish the couple well were five of their six grandchildren, ranging in ages from 4 to 21. The sixth grandchild is a U.S. Marine, now serving overseas.

Others present were Mr. and Mrs. Paul Green, Mr. and Mrs. Frank Shearing, Mr. and Mrs. Edmond Fish and Mr. and Mrs. Dave Young.

There were many more, but space does not permit printing all the names.

Daly City Cub Pack Holds First Regular Meeting

By Mrs. Frank Graves

Cub Pack No. 62 of Daly City held its first meeting Monday night, January 9.

The turnout of boys and parents interested in cubbing was much greater than expected. The men who have worked to get this pack started, and who will continue to direct it were greatly satisfied.

Over 25 parents and 35 boys were present at the meeting for registration. What started out as a small pack of 10 boys now numbers 25, and when the registration is completed will be 40.

Any boys interested in cubbing may call JUniper 4-3707 or JUniper 4-6229 after 6 p.m.

Den mothers for the pack include Mesdames John Calvin, D. C. Gensel, F. Graves, D. Ritchison and T. F. Kennedy.

New members of the cub pack committee are Mrs. D. C. Gensel, J. Jordan, J. Benanti, Hal Willis, F. Graves and Edward Kruse.

These men give their time once a month to meet and make interesting plans for the boys. Meetings are held the second Monday of every month in the General Pershing school at 7:30 p.m.

Chartered boys of this newly organized Pack were awarded their Bob Cat pins at the first meeting. Boys to receive this honor were John Benanti, Richard Gensel, Dennis Marc, Dennis Ritchison, Dwayne Cook, George Lee, Earl Graves, Emil Keyser and Lane Calvin.

Anyone with a spare American flag, or knows where one can be obtained, is asked to either donate it, or sell same to the Pack. A flag about 3 feet by 5 fet is desired. Please contact Mrs. D. C. Gensel by calling JUniper 4-6229.

Happy Birthday!

Shades of the black cat. Three persons are celebrating birthdays this week on Friday, January 13.

They are: Mr. and Mrs. Ratto, 426 Willits street, and Angelo Moresco, 328 Railroad.

Despite this misfortune, Harry, the "happy baker," wishes them well. Harry is certain they will get through the day of days with nothing but luck.

Others celebrating birthdays on more fortunate days next week include:

January 14: Robert Varni, 75 Crocker avenue.

January 15: Louis Kramer, 231 Acton street; Dolores J. Lofton, 136 Werner.

January 16: Theresa Garibaldi, 7324 Mission; Charleen Payne, 777 Easton.

January 18: Prescott Sullivan, 123 Garden Lane; Gertrude Eberle, Rt. 1, Box 178, Colma.

Women Of Moose Meet Monday Night

The next regular meeting of the Women of the Moose, Chapter 739, will be held Monday, January 16, at the Moose Hall, 3053 16th street, San Francisco.

As of this year, the regular meeting dates have been changed to the first and third Mondays of each month.

Meanwhile, this Friday, January 13, a committee chairmen's meeting will be held at the home of Charolette Woods, 60 Tara street.

Another meeting to keep in mind is January 29 when the Women of the Moose hold their conference at the hall. Santa Rosa Chapter will be the conference leaders, and the San Francisco Chapter No. 739 is to act as hostess.

New Officers For Girl Scouts

At their first meeting of the New Year, January 6, Girl Scouts of Troop No. 3 held elections.

The following young ladies are the new officers of the group: Jane Kennedy, president; Shirley Nielicker, secretary and scribe, and Carol Bertelli, treasurer.

The group has plans for a roller skating party, which will be announced soon in the "Record."

At the present time, members are working on their first aid badges and have finished several others.

S. F. BPOE To Hold Italian Night Jan. 14

A gala Italian Night celebration will be staged by San Francisco Lodge No. 3, BPOE, next Saturday night, January 14, John J. Fahey Jr., honorary chairman, announced today.

The evening's program begins at 7 p.m. in the Elks' dining hall, 454 Post street, San Francisco. The event is sponsored by Elks of Itailian birth or extraction, and will include a stag banquet featuring Italian dishes, special music, entertainment and a reception.

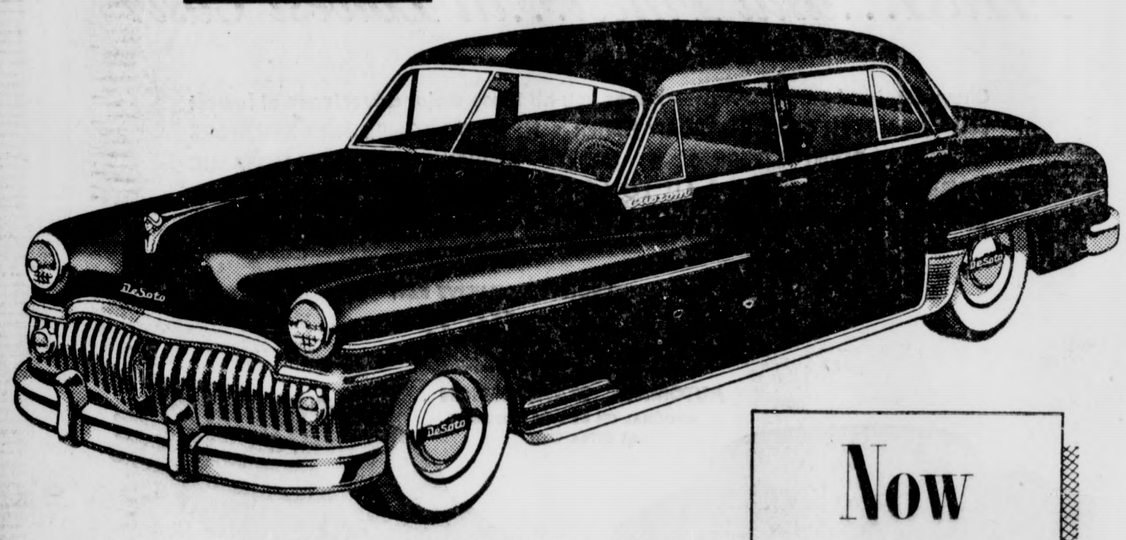
Announcing the NEW DeSOTO



HERE's the best-looking new car of them all! It's the *new* De Soto, designed to give you more room, more comfort, more visibility, more safety and more lasting satisfaction than any car you ever owned. Here's the car designed with YOU in mind.

It's brand-new from handsome new front grille to tail-lights. And it's waiting for you to come and ride in it.

It lets you drive without shifting. It has a terrific high-compression engine, bigger-than-ever brakes, weatherproof ignition, feather-light steering. Yet it is excitingly easy to buy and amazingly economical to operate.

No matter which make of car you thought you *might* buy this year, "Drive a De Soto before you decide." Let us arrange a demonstration.

Now on display

Jeff High School Students Conduct Panel For P. T. A.

By Lois Adami

Highlight of the regular Jefferson High School PTA meeting Thursday, January 12, was a panel discussion by five high school students.

Topic of the discussion, held in the school auditorium, was "Education and Legislation as Viewed by the Student." Tom Murray, Leroy Gonzales, June Davlin, Jean Breckon and Donna Bybee took part in this discussion.

Student panels like these prove to the skeptical adult that the teen-ager of today can think for himself, and come up with clear conclusions. These students took time from their Christmas holiday to prepare the panel.

Following this program, further plans were made for the joint Founders' Nite program to be given February 21, 7:30 p.m.

Mrs. Byron Jensen and Mrs. Henry Adami were appointed to represent Jefferson PTA at the 17th District to meet in Brisbane January 19, 9:30 a.m.

Mrs. Grace Hill and Mrs. Eve Hobbs of Second District Mothers' Singers will sing on February 17, at the statue of Phoebe Hearst in Golden Gate Park. Later the same day at 12:45, they will render several selections on the Marjorie King program, KFRC.

Make Those Red Cross Dinner Reservations Now

Last call for reservations for the informal San Mateo County American Red Cross chapter dinner went out today.

The dinner is to be held Tuesday, January 17, at 6:30 p.m. in the Peninsula Golf and Country Club. Reservations may be made by calling DIamond 3-4561.

Following the dinner there will be a meeting at 8:15 p.m. Those who expect to attend only the meeting, need no reservations.

WELCOME

OLPH Mothers Club Meet This Friday

What promises to be one of the best and certainly the first meeting of the new year for the Mothers' Club of Our Lady of Perpetual Help is to be held Friday, January 13.

As usual, the conclave will be conducted in the OLPPH auditorium, beginning at 8:15 p.m.

Guest of the evening wiill be Miss Frink, public health nurse. In an interesting half-hour, the public nurse will show a film, and present a talk on a health program for children in and out of school.

The talk is to be followed by a hospitality hour, of which Mrs. Jane Tielsmann, assisted by sixth grade mothers, is a chairman.

Here is an opportunity for all mothers of children in OLPH school to meet one another. Why not come to the meeting?

DALY CITY—COLMA LIONS

Exploring the wilds of Burma via films Wednesday was the pleasant task of those Lions who attended their organization's regular meeting.

The film was presented by Carl Haas, and showed principally the method of logging teakwood in the Burma jungles.

While the streams of Burma are good for transport but two weeks out of the year, each day logs are dragged out of the jungle to the edge of the stream. Each log is pulled patiently by an elephant, who frankly scorns the progress made by the machine age.

All in all, it takes about five years to get the teakwood log out of the forests, down the river, and to Rangoon where it is in turn shipped to the states. Little wonder, then, at the high cost of the wood.

But the highlight of the film were the shots of the snake goddess, who didn't look like Dorothy Lamour, but had a sure-fire way with the vipers. While the cameras graund, she let a cobra strike at her white gown. When the old fellow had given up trying to sink his fangs into her flesh, he let her kiss him on the head.

Which leads anyone to the prosaic remark: "What some people won't do for a living."

WHEEL ALIGNMENT

Correct automobile wheel alignment contributes to easier steering, and prevents abnormal tire wear, according to the California State Automobile Association.

PRUDENCE

"Who makes quick use of the moment is a genius of prudence." That philosophical observation is another way of saying: "Alertness Avoids Accidents," points out the California State Automobile Association.

Bethel 26, IOJD, Initiation Friday

Holding its 48th installation of officers this Friday, January 13, will be Bethel No. 26, International Order of Job's Daughters.

The initiation is to be at 2668 Mission street, beginning at 8 p.m.

Those to take office include: Lucille Forsyth, honored queen elect; Joan Skinner, Marian Smith, Elsie Anderson and Inez Kenney.

Meanwhile, the IOJD is holding a national convention next November, and Bethel No. 26 will receive a prize for its handling of publicity. LaVern Sowles is at present the publicity chairman for the group.

OBITUARIES

Mrs. A. G. Schubert

A resident of Daly City for the past 14 years, Mrs. Amelia Gertrude Schubert, 215 Evergreen avenue, died at her home after a long illness last Friday.

Mrs. Schubert was a daughter of a Monroe, Oregon, pioneer family and was 80 years old. She was the wife of the late Dr. Emil F. Schubert of Monroe.

Surviving Mrs. Schubert are: P. James Schubert, a son, Daly City; a brother, Henry Haenely of Monroe; and two grandchildren, Mary Louise and James E. Schubert, both of Daly City.

Rosary for Mrs. Schubert was recited at the W. C. Lasswell chapel Saturday evening. Requiem mass was recited at St. Rose Church, Junction City, Oregon, Wednesday.

Interment took place at Junction City, a small community near Monroe.

"Record" Reminiscence

From the "Record" 20 Years Ago
January 10, 1930

Total enrollment for Jefferson High school was 353 today, following an entering freshman class of 32 last week. This is the largest enrollment in the history of the school.

Everybody is talking about the glorious vaudeville and photoplay show offered by the Knights of Columbus last Wednesday night. Among the entertainers were Arthur Ward, Gilbert Green and Kleo Lambert.

The new fire commissioners for 1930 include Gus Schenck, E. Forsell, Paul Selmi, George Augustien and J. H. Cosbie.

At the Daly City Theatre those four gentlemen of insanity, the Marx Brothers, were showing in the now famous "The Cocoanuts."

Mr. and Mrs. Frank Watson, 526 Evergreen, entertained a group of friends last Saturday evening at dinner. Among those present were Mr. and Mrs. G. R. Brown, Miss Myrtle Augustien, Miss Jessie Augustien and E. LaPlant.

A delightful party was given New Year's eve at the home of Mr. and Mrs. J. H. Schmidt, of Brunswick street. Greeting the New Year were Mr. and Mrs. George Loweden, Harold Lohneis, Clarence Lahey, Arthur Lahey, W. M. Loomis and Mrs. E. M. Schmidt, Billy Lahey and Ed Weitzel

From the "Record" 10 Years Ago
January 10, 1940

Daly City's long-sought $250,000 WPA South End streets improvement project was officially authorized by the city council Monday evening. The work includes complete improvements of streets in the south end of the city.

Mr. and Mrs. Espie Stafford took first prize last week for best Garden Village Christmas decoration.

Local entrants in the Cat Fanciers' association cat show January 13 will include the mousers of Miss Dorothy Eason and Mrs. H. Mallen, 436 Irvington street.

Candidates for office of the Jefferson High school student body are Charles Yonan, Charlotte Weait, Charlotte Hughes, Pete Filios and Robert Capps. Elections will be held January 12.

The Daly City Boys Club cagers lost another game this week, this time to the San Mateo A.C. 31 to 27. High point man of the game was Savelly of Daly City, with 11 points. His teammate Johnson came next with 8 points.

Mr. and Mrs. Todhunter, 64 Vista Grande avenue are the proud parents of a girl born at the French hospital.

NEWS OF YOUR NEIGHBORS

Jay and Nell Johnson, 243 Miriam street, have recently received a license from Daly City to enter into the junk business. While on the face of it, this may not mean much to residents, it is all important to hundreds of local children. It is this same couple that over the past years has salvaged toys and presented them to children during the Christmas season. It always has been a problem for Jay to get the toys, but now that he is collecting junk the outlook appears brighter. Now he will be in a position to gather up more discarded toys.

Milton Booth, 364 Hillside boulevard, is on his way back to Okinawa today. He left his Daly City home Tuesday for an approximate one-year stay on the Pacific island. He is employed by a construction firm as a carpenter. But Okinawa will be nothing new to Booth; he has already spent 19 months on the island working for the government. Booth is a native of Daly City, and attended Jefferson High school.

Father Fitzsimmons, address not given by police, was the victim of petty thieves last Friday afternoon. Father Fitzsimmons and three other priests played a round of golf at Lake Merced Golf club, and upon returning to the clubhouse, Father Fitzsimmons found he had overpaid the caddies $3. After he'd got the money back, the priest, and his companions went to the bar. A few minutes later, coming from the bar into the locker room, Father Fitzsimmons found his wallet had been stolen from his pants pocket. In addition to the $50 in the wallet, there were also all the priest's identification papers.

Mrs. Ralph Bullard, 1177 Bay street, San Francisco, is looking for her black wallet today that she lost in or near the Sprouse-Reitz store, 6400 Mission, at 12:15 p.m. Wednesday. In the wallet was $15 in cash, a $50 jade ring, two bank books, and a store charge plate. Anyone finding same, is asked to return it to Mrs. Bullard.

Jack Lahey, is now the sales manager of the Neville Ford Motors Co., Alvin Neville announced this week. Lahey has long been connected with the Daly City Ford firm, and is well known here for his work with the concern. Neville asserted that Lahey was awarded the promotion on "genuine merit" and ability. Friends of Lahey here, can have no doubt that this is the case.

SSF Mayor Ferko To Run For County Assessor's Office

Leo Ferko, South San Francisco's youthful mayor, confirmed recent rumors today that he will be a cindidate for San Mateo county assessor in June primaries.

The assessor's position is currently held by O. B. Hempstead, former Bank of America manager, who was appointed to fill the unexpired term of the late Martin Flynn.

As yet, Ferko has not stated any campaign platform or plans.

A graduate of Stanford, Ferko's pre-war job in South San Francisco was coaching athletics and teaching at the high school. After spending several years in the navy, he returned to run for public office, and was elected to the city council.

He was first named mayor in 1946 and reelected to the office after the 1948 election.

Ferko's civic activities include membership on important San Mateo county boards, including the blood bank, community chest, airport commission, Catholic welfare council, and the board of Boy Scouts.

Shortly after his election to mayor, the assessor candidate was instrumental in forming the North County Council of City Councils. This group is composed of city officials of Daly City, San Bruno, Millbrae, Colma, and South San Francisco. Mutual problems are discussed at these meetings with a uniform policy adopted in handling similar problems.

Mayor Ferko has been a resident of San aMteo county for the past 32 years, and now lives in South San Francisco with his wife and six-year-old daughter.

New Arrivals

To the wife of Ray P. Chelone, 191 Hillcrest drive, December 23, a son.

To the wife of Gordon B.Duffy, 904 87th street, Broadmoor, December 27, a daughter.

To the wife of Lenard M. Lowenstein, "A" street, Colma, December 23, a daughter.

To the wife of Alfred A. Averill, 1715 Louvaine drive, Broadmoor, December 29, a son.

To the wife of Philip K. Bacon, 6053 Mission street, December 31, a daughter.

To the wife of William Keller, 63 Werner street, December 16, a son.

To the wife of David Arata, 7334 Mission, January 1, a son.

Clark New Rec. Head

A retired civil engineer, A. L. Clark today is the new chairman of the San Mateo county recreation commission.

Clark, who will hold office for two years, was elected to the position to succeed Arthur V. Swift, Redwood City councilman. The election was held recently by the various commissioners, who in turn are appointed by the county executive.

Other officer elected include: Edwin Williams, vice-chairman; Mrs. Sophie Root, secretary.

,400 Homes To Go Up n Buri-Buri This Fall

Chris D. McKeon, a construction an in San Francisco, announced his week that by fall he plans to art work on erection of from 000 to 1,400 homes north of Buriuri.

The San Francisco man said his rm, McKeon Construction comany, has already started a survey a 200-acre plot. This land is cated between Buri-Buri on the uth, El Camino Real on the east, unipero Serra boulevard extension the west.

Homes planned for the area will along the ranch-type style, and e to be centered around a separate business district.

Cost of construction, which will volve moving more than a million yards of dirt, is estimated between five and ten million dollars.

Whether or not the new area will ecome a part of South San Franisco has not been decided, McKeon said.

Next to the Westlake project, hich calls for 5,000 new homes, he McKeon housing job will be he largest in San Mateo county.

.F. Ask Supervisors or Mills Field Help

Hottest question of the week for he San Mateo Board of Supersors was whether or not to proide fire and police protection for he Mills field airport.

Last Friday, the San Francisco blic utilities commission virtuly demanded the protection, asring that while through the airort they had paid taxes to San Mateo county, they were not reiving the proper services.

Supervisors Thomas Hickey and dward R. McDonald said they ere going to consider the demand, ut neither seemed willing to come rough with everything San Franisco asked.

Hickey asserted that while the tter from San Francisco stated at they were paying $89,208 for re and police protection, the Bay ty was paying only $75,201 in xes.

"We will continue to do what is easonable, but $89,000 worth of rvices for $75,000 in taxes doesn't em very reasonable," Hickey id.

McDonald said he would reserve y opinion until the San Francisco officials and the supervisors uld get together for a talk.

To date nothing has been said of ch a meeting.

ROVING AROUND THE COUNTY

Junipero Serra Blvd. Extension In March

Work should begin by March 1 on the next-to-last link of Junipero Serra boulevard from Sneath lane to Crystal Springs road in San Bruno, District No. 10 announced this week.

This will extend the boulevard another 1.4 mile at a cost of approximately $500,000. The job, according to the San Francisco engineer's office, should take a year.

When the new link is completed, the boulevard will make a junction with El Camino Real.

Upon completion of this job, there will be 2.5 miles left to be built to connect the boulevard with Millbrae avenue in Millbrae.

Cost of the job will be split. The state will put up one-third, and of the balance San Francisco will contribute 85 per cent and San Mateo county 15 per cent.

San Mateo's Population Reaches All Time High

Jumping more than 3,000 during 1949, San Mateo's population has hit a record high of 41,615, the San Mateo chamber of commerce said this week.

Figures are based on the fact that 911 families moved into San Mateo during 1949. National figures show the average family has 3.31 members which would bring the total of newcomers to 3,015.4, the chamber said.

Population of San Mateo one year ago was 38,600, then, as now, making it the largest populated city in San Mateo county.

Daly City's estimated population is about 13,000.

Rifle Range Slated For Sharp Park

Work on a rifle range, qualifed for national and international events, in Sharps Park will begin this spring.

Monday the San Francisco board of supervisors passed an appropriation of $1,700 for plans and specifications for the range.

When the range is completed it will have cost an estimated $30,000. It will have positions for 150 firing at one time.

Republican Lincoln Day Dinner February 13

Mayor Dan Love, of Burlingame, has several committees at work on plans for the San Mateo County Republican Assembly Lincoln Day Dinner to be held on February 13, at the Villa Chartier in San Mateo.

Moyor Love was named chairman of the annual dinner by Assembly President Herbert M. Schaur Jr., of South San Francisco.

Present indications are that more than 250 will be in attendance at the dinner-meeting. Negotiations are now under way for a speaker of national prominence.

Mayor Love has extended an invitation to Governor Earl Warren.

Tickets for the dinner will soon be available to GGOP Assembly leaders in each community. Those desiring to make reservations now may do so by calling Republican Headquarters at the Benjamin Franklin hotel.

North County Council Meets To Discuss Pound

Guest speaker at the regular meeting of the North County Council of City Councils last Tuesday in South San Francisco was Max Leonard, county agricultural commissioner.

Leonard informed the group that San Mateo county was among the top agricultural counties of the state, and estimated the value of crops at between 17 and 20 million dollars.

Principal business before the group was the consideration of a central pound for five cities in the county.

However, as Daly City has a pound of its own, which is being operated successfully, Mayor Paul Green expressed some doubt as to whether this community would take part in a central pound.

Hearing On Commuter Rates Now Being Held

Opening arguments over the controversial Southern Pacific demand for commuter rate increases were heard in San Francisco Wednesday.

Highlight of the day was the charge by H. R. Whiting, Menlo Park attorney representing the commuters, that the state public utilities commission employes are bias.

This came after John L. Pearson, senior commission engineer, said he had asked for 25 per cent increase in peninsula fares after an independent PUC study.

The railroad, claiming costs have risen, is seeking a rate increase of from 10 to 86 per cent on peninsula commuter fares.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

STEELHEAD TROUT — Open in specified waters of northern and central California counties. See abstract of angling regulations.

Around Broadmoor Village
with Verna Duste

The new year is two whole weeks old, and, as usual, here are we—with our ramblings and babblings. Both villages are unusually quiet for this time of year — what with the stork hovering low over many parts of both, and having delivered so many bundles over the holidays, I guess he's a bit tuckered out.

The Pink-and-Blue Department this week leaves no doubt in our minds at least as to who has the last word for the week — the gals. natch!! The Robert Fishes on Maddux spent their Christmas anticipating the arrival of their little Miss, Susan Carol, who rewarded their waiting by arriving on December 27th, weighing 7 lbs. 5½ oz.

The Francis Pifferos, across the street on Maddux, want the world to know that their little Katherine Marie, who arrived on December 28th, is absolutely the last word in sweet little things. One we missed last month is little Miss Linda Swanson, who arrived on November 26th and weighed 7 lbs. 13 oz When any of you hear of any babies arriving to increase the Broadmoor or Garden Village population, drop us a call, please, at JU 5-1865. All of us are interested, y'know!!

Lucky, lucky people—Major and Mrs. Lewis Heim, over on Village lane spent the New Year's holiday in Pasadena. Naturally, they attended the Rose Bowl game, and enjoyed it thoroughly. Mrs. H. tells us they hit snow coming back, just below San Jose. Doesn't surprise us any — hear tell it was almost too cold for Santa Claus!!

Tht happy singing of "Hail, Hail, the Gang's All Here" last Saturday was coming from the corner of 37th and Washington streets, where the Cub Scouts had their first annual Burning of the Chirstmas Trees. A good crowd was there, in spite of the bitter wind, and the ensuing blaze was something to see. Residents on 87th street (in whose direction the wind was blowing) were most happy for the comforting presence of Fire Chief Nannini.

One of our previous additions to the Pink - and - Blue Dept. was Christened Sunday, January 8th, at Holy Angels' Church. Carolyn Margaret Kelleher, the Christenee, chose for her godparents Mr. and Mrs. William R. Simmons, while Father McGillicuddy officiated. Following the Christening, a reception was held at the Kelleher home, on Louvaine drive.

The happy birthday department includes 89th-streeters this week—was it **your** birthday, well, why didn't we hear about it?? JU 5-1865. Michael Deal celebrated his ninth birthday on January 3 with a quiet family party, while Anthony Frisch, a whole three years old, proudly hosted his party with various and sundry aunts and uncles and grandparents.

Mrs. M. J. Maionchi hostessed a very charming luncheon recently at her home in Garden Village. The guest list included Mesdames Heim, Anderson, Agnew, Freiberg, Froggatt, Juhl, MacGregor, Morris, Sturiza, Gordon, and Lageneur. Naturally, the ladies had a lovely afternoon, and why shouldn't they — such lovely ladies!!!

Will we be seeing you at the monthly meeting of the Broadmoor Property Owners Association tonight??? Hope so — after all, you owe it to yourself, if not to your community, to attend. Fifty cents a month is being taken out of your house payment and turned over to the Association's treasurer, and who isn't interested in how his money is spent?

Now, a word of caution to a few of our speedier Broad Moors—it's very nice to have a lovely new car, but did you ever stop to think that 3,000 pounds of automobile is a pretty powerful weapon, especially when carelessly handled? Broadmoor and Garden Villages are populated to a great extent by small children, who have every right to be able to cross the streets in safety. Speeding, and especially on the wrong side of the street, is a pretty stupid thing — and, after all, how stupid can you get??

Getting back to the Social Life—the 87th St. Sewing Club held its regular meeting, at the home of Mrs. Stella Magoon. Those gals must really get a lot of sewing done, too, or gabbing??? Oh well, the membership turned out pretty much in force this time, Mesdames Donnie Hager, Jeanne Brugge, and Stella Magoon.

When you buzz up to the Colonial of an evening and see a familiar face smiling at you in the coffee shop, it's Marguerite Walker, of the Smiling Walkers, Perc, Sally and Maurine.

Well, that about does it for this time — if **your** name didn't appear this week, let us know, we'll do something about it!! JU 5-1865. Selah!

Colma Council Sets Speed Laws

While nature's storm raged outside of the Colma city hall Wednesday, peace reigned at the regular monthly city council meeting.

City Clerk Ed Weisenburger reports the council only had one major piece of business. This was passage of an ordinance to establish the maximum rate of speed on Mission road from Cypress cemetery to the southern limits of Colma, and on Hillside boulevard in Colma at 35 miles per hour.

The former speed limit on these two stretches was formerly 50 miles per hour.

The ordinance will become law within 30 days, after which the Colma officers will have the right to tag all cars going over the 35-mile-per-hour limit.

Boxing Matches In Broadmoor February 3rd

Boxing fans will have a treat next month when the Broadmoor Cub Scouts put on their annual matches February 3.

The fights, between contestants in each of the Cub packs, will be held in the Broadmoor Community Center. Admission is free.

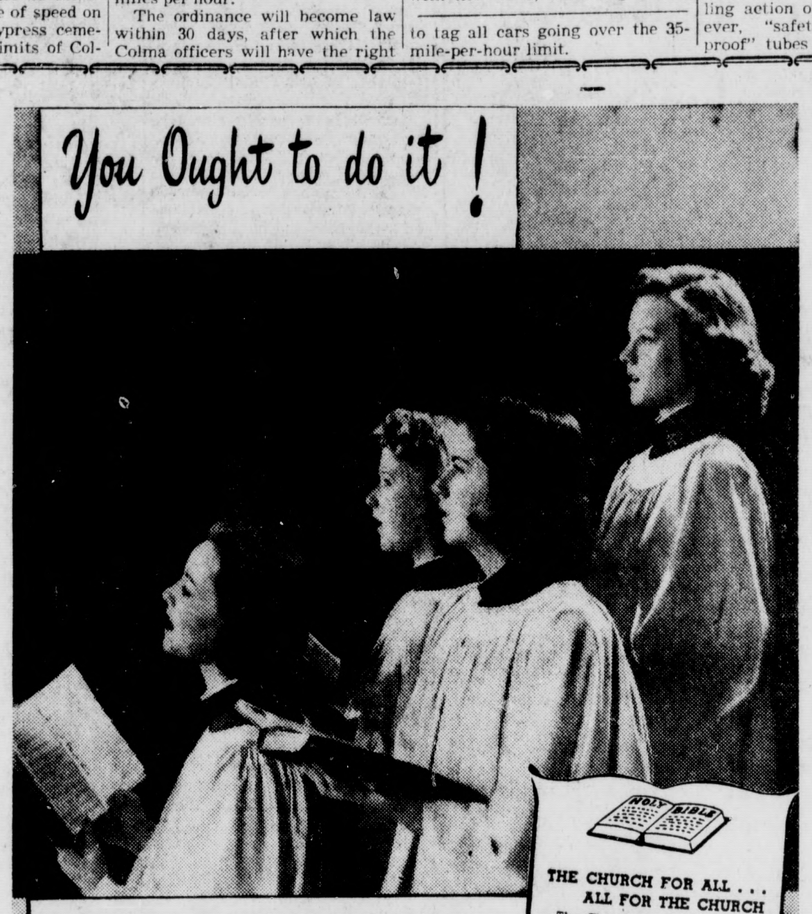
Gordon Feist, scout leader, 1839 Sweetwood drive, is in charge of the event. He will be assisted by Charles Henry.

Details as to fighters, and the time of the matches is to be published in the "Record" at a later date.

Free hot dogs also are to be passed out to all those attending the fights. These are being donated by the Conserva Meat Market, San Pedro road.

NEW TUBES ADVISED

Automobile tubes and tires expand with age, and it is therefore advisable to purchase new tubes with new tires, according to the California State Automobile Association. An old inner tube is bound to be too large for a new casing, and if used in a new casing a sudden flat tire can be caused by buckling action of the old tube. However, "safety" and "puncture-proof" tubes can be safely trans-



You ought to put into real action that long-felt desire to do something that will help others.

We all have that desire—all but the very selfish. We would like to *serve*. But where? How?

One of the contributions which our churches make to the life of this community is in providing countless opportunities for valuable service.

Can you sing in a choir? Teach a class? Lead a youth group? Visit a shut-in? Pack a gift basket? Paint a Sunday School room? Mend a choir gown?

These are humble, yet valuable services. They won't make you famous, but they'll make you a better person. And they'll help others discover the true riches in life.

You ought to do it! You ought to join a church . . . and find the service that *you* can render!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SM County Republican Assembly Meets Jan. 30

"The Hoover Report" will be Forden Athearn's subject at the next meeting of the San Mateo County Republican Assembly which will be held in Burlingame's city hall on Monday, January 30, at eight o'clock, according to the announcement made today by President Herbert M. Schaur Jr., of South San Francisco.

Athearn, Stanford law student, will discuss the findings of the Hoover Commission as stated in the report published after a study of government services.

The speaker is a member of the Stanford Speaker's Bureau, former winner of national oratorical contest, past president of Boys' State, press representative at the GOP convention of the Sanford Daily and active in Knights of Pythias.

Democrats To Hold Meeting January 21

Democrats of the Eighth congressional district plan a district-wide conference in San Jose, Saturday, January 21.

The conference's purpose is two-fold, to conduct panel discussion on the problem of this area, and to select a Democratic candidate for Congress.

Representing Daly City will be Julius F. Castelan and George F. Wheeler.

All Democrats of the area are invited to attend the all-day sessions with headquarters at the San Jose Civic auditorium.

Pre-conference headquarters are at 2730 Waverly street, Palo Alto.

Beware Of The Little Red Wagon. . . It May Be Your Certain Downfall

Who says a child's wagon isn't as potentially dangerous as an automobile?

Last Thursday at 4:17 p.m. Mrs. Emily Bryant, 286 Los Olivos was treated in Junipero Serra hospital for abrasions of her left leg. After the treatment she was sent home.

Mrs. Bryant suffered the cuts when she was struck by a vehicle near 122 Los Olivos.

Yes, the vehicle was a child's wagon. The unidentified "driver" ran into Mrs. Bryant, knocking her to the sidewalk.

Police lectured the youthful violator, but, needless to say, this was a case in which no citations were issued.

16-Year-Old D. C. Girl Attacked

Screams of a 16-year-old Daly City girl saved her from an assailant last Monday night, police report today.

The young lady was walking down Whittier street, and was near 156 Whittier when, turning, she saw a man run toward her. The next second the man had grabbed her wrist and whispered:

"Get into my car."

The car was parked in front of 152 Whittier.

Terrified, the young girl began to scream. Her screams frightened the assailant, who jumped into the car and sped north on Whittier.

Police today are looking for the young man, described by the girl as being about 21 years old, 5 feet 6 inches tall, and of a slim build.

San Mateo County Rent Advisory Board at Work

Busy at work today judging advisability of rent increases for certain San Mateo county units are members of the county rent advisory board.

This work was formerly handled by area rent office in San Francisco, but recently was transferred to San Mateo county.

Chairman Michale O'Connor said that any landlord wishing a rent increase must file a copy of a petition for such increase with the board in San Mateo's city hall and the tenant.

The tenant is then allowed to submit his side of the story, and after a minimum of 15 days the board meets to consider the request.

O'Connor noted that tenant problems concerning rent adjustment still must be submited to the area rent office in San Francisco.

S.M.J.C. Winds Up Final Fall Events

With the closing of the fall semester for the end of this month, San Mateo Junior College students are starting to wind up their first-semester activities.

For one thing an extensive campaign has been going on to elect new student body officers who will serve during the spring term. Also, the Associated Women Students, the Associated Men Students and the Women's Athletic Association are electing new leaders.

Plans are being made for the closing dances of the term and the final social events of the various clubs.

This week end the college varsity basketball team starts its conference schedule by playing at Modesto College Friday evening and at Stockton College Saturday night. A number of rooters will make the trip to see the two games. At the state basketball tournament at Modesto, San Mateo opened by beating John Muir of Uasadena, 60-52, and then lost to Grant Tech of Sacramento, 62-41, and to Long Beach, 74-70, being eliminated by the third game.

The California Academy of Sciences in San Francisco's Golden Gate Park is the oldest scientific institution in the West.

DO NOT RUN

Walk, do not run, when you cross a street or highway, advises the California State Automobile Association. It's extremely difficult for an automobile driver to judge where a running pedestrian will be at a given moment.

Impy Brings Home A Championship

Among a field of well over 300 prize felines, Daly City's entry, Nani Lei Victory Amoe (Impy for short), showed she was a champion in the Golden Gate cat show last week end.

Impy, displaying every inch of her jet black coat and her proud Persian birth, took second prize in the open championship. She lost out only by a few points to a Long Beach cat that has been in seven such contests. This was Impy's second try for success.

The beautiful two-year-old was entered by its owner, Mrs. Sue Adams, 138 Santa Cruz avenue, Daly City.

Readers will remember that last year, in the same show, Impy took a blue ribbon in the novice all-breed class; a second in the solid color of the west, and a third in the open class.

Register Your Automobile Now

Director of Motor Vehicles A. H. Henderson today urged motorists with registration problems other than straight 1950 renewals to apply at a Motor Vehicle office immediately.

Henderson explained that the first rush of renewal business has slackened and registration clerks can now give faster service on more complicated cases.

He particularly urged applicants for transfers, duplicate license plates or certificates, non-resident registrations, body changes and engine changes to take advantage of the present lull in activity.

CHANGING SIGNAL

When you think a "Go" signal is about to change, educe your speed, urges the California State Automobile Association. Speeding up to beat a changing signal is a common cause of traffic accidents at signal-controlled intersections.

YOUR RESPONSIBILITY

Remember your responsibilities when you drive, urges the California State Automobile Association. Keep in mind that you are responsible for the safety of your passengers, or pedestrians and of other drivers as well as for your own safety.

U.C. Offers College Entrance Program

Enrollment in University of California Extension's "Admission Program" for students who must remove entrance deficiencies before enrolling at the University will begin February 20 on the Berkeley campus, it was announced today.

Emphasizing that students must have their study programs approved in advance by the Director of Admissions, 125 Administration Building, Berkeley, Extension officials said that subjects to be offered will include economics, engineering, English, geography, history, languages, mathematics, music, political science, psychology, science, and speech.

Both daytime and evening sections have been arranged for many of the classes, and veterans may use the educational benefits available to them under federal and state laws to enroll in the program.

Further information concerning the credit courses may be obtained by wiring University Extension, University of California, Berkeley 4.

WHEN ROMANCE NEEDS A LIFT JEAN MERRICK WILL FIND IT

JEAN MERRICK

Ten years ago a white-haired former New Yorker arrived at San Francisco Airport and, ever since that time, she has been making social contacts for spirited San Franciscans. In fact, she has introduced over 12,000 couples. The lady who provides that link between solitude and an adequate social life is Jean Merrick.

She was amazed to discover, upon arriving in San Francisco, that no provision was made to advance social acquaintance between people of the opposite sex. She decided to utilize her experience and talent for the benefit of San Franciscans and founded what has developed to be the nationally famous Jean Merrick Social Contacts Registry.

Jean Merrick's Social Contacts Registry at 555 Sutter St., suite 202, San Francisco has had occasion to record many interesting and gratifying situations as might be expected.

"The problem of getting acquainted is particularly acute in every large city because it is difficult for a man or woman, who finds himself snared in a work-to-home-to-work cycle to meet members of the opposite sex," according to Jean Merrick whose interesting work responds to this need graciously and in good taste.

Jean Merrick's social registry contains the names of substantial men and women highly regarded in the communities in which they live both in the Bay Area and the Peninsula.

A person registering is given a confidential interview at which his or her interests, background and tastes, are then matched with a companionable person with the same qualities. Many introductions lead to romance which in turn culminates in marriage, according to Miss Merrick.

Telephone for an appointment at YUkon 6-2823. Hours, noon to seven on weekdays and from 1 p.m. to seven on Sundays.

(Reprint from a recent publication)

Beware Of Gyp Artist Taking Dividend Check

With the sending out of National Service Life Insurance Dividends to veterans, scheduled to begin today, gyp artists are plotting ways and means to separate G.I.'s from their money, the Better Business Bureau revealed today.

"It is not the business of the Better Business Bureau to tell veterans how they should spend this money," said Muriel Tsvetkoff, bureau manager.

"It is our duty to tell them that a business-like attitude should be taken towards the handling of these funds. Intelligent action NOW will avoid disappointments later. Reports from some communities indicate that veterans are being urged to sign contracts for the purchase of merchandise now, in anticipation of clearing the obligation and lessening the installment finance charges by payment in full when the dividend is received.

"If purchasers plan purchases on installment contracts they should be sure that the contract grants them prepayment privileges and specifies the terms. Reliable companies are willing to inform customers of the precise terms of all contracts and will urge their customers to read contracts before signing them."

Many schemes are offered as an opportunity for the veteran to go into business for himself. Such offers should be investigated thoroughly, the Bureau warned. Fact reports compiled by the Bureau are available without charge, Mrs. Tsvetkoff pointed out.

Child Problem Is Radio Topic

Destructiveness in children is the perrenial parental problem that will be considered on next Tuesday's broadcast of "The Inquiring Parent," over KSMO at 11:15.

Dr. Luther Woodward, eminent child psychologist and field consultant for the National Committee on Mental Hygiene, will again offer his expert guidance to a perplexed mother.

Discussion by Dr. Woodward will include the underlying reasons for destructive behavior and concrete, practical suggestions for dealing with the problem. Tuesday's broadcast is part of the regular series presented by 17th District (San Mateo county) PTA.

POET WINS MEDAL—Robert Frost, left, famed American poet, receives the "Gold Medal Award" from author Mark Van Doren on behalf of the Limited Editions Club. The award was given for Mr. Frost's book, "Complete Poems."

Cornelia Skinner Plays At Curran Starting Januray 16

During her several seasons of touring the United States, Cornelia Otis Skinner has learned to cope with most of the vicissitudes that the road has to offer. She has successfully overcome floods, storms, lost baggage, persistent and slightly daft admirers, missing props, muffed cues, and most of the other things that make acting the hazardous but fascinating calling that it is.

But there is one problem that Miss Skinner has not completely solved. That is the interviews by high school correspondents, with their stock and unanswerable questions — such stumpers as "What was your greatest thrill?" "What was the worst thing that ever happened to you?" "What is your hobby?"

As yet Miss Skinner hasn't come up with the answers to the first two. But she has finally solved the hobby query.

"I have diverted a stream of the Kill Van Kull through my property on Long Island," she tells them. (That is quite a trick in itself, since the Kill Van Kull is the body of water that separates Staten Island from New Jersey, some fifty miles away.)

"And there I sit happily by the stream all summer long," she continues, "weaving panama hats under water."

It stops them every time, Miss Otis Skinner reports.

Lewis and Young present Cornelia Otis Skinner in a repertory of Her Dramatic Plays and Modern Character Sketches one week only, beginning Monday, January 16, 1950. "The Wives of Henry VIII," Monday and Thursday evenings, and Wednesday matinee. "Mansion on the Hudson," Tuesday and Friday evenings with matinee on Saturday. "The Loves of Charles II," Wednesday and Saturday evenings. Curran Theatre, San Francisco.

Clerks Call Off Safeway Strike

Negotiations were underway today to settle a threatened strike of clerks in 63 San Francisco and Daly City Safeway grocery stores.

The negotiations started shortly after a strike of one day was called off last Saturday. James A. Suffridge, secretary-treasurer of the Clerks' Local 648, said the negotiations had resumed early this week.

Principal issue to be settled turns around an effort by the clerks to incorporate the store managers in the same contract covering them. Safeway stores oppose this proposition.

Church Was Built On Conversion And Fellowship

UPON the foundation of Jesus Christ the early Christian church was built by two things—conversion and fellowship.

The first great in-gathering was on the Day of Pentecost, 50 days after the Passover, when Peter preached with such power and boldness that many were moved to cry out in repentance, "What shall we do?" About three thousand were then converted and baptized. This company of believers was soon increased, for we are told that the Lord added to the church daily such as were being saved (Acts 2:47).

But someone has said that no one goes to heaven alone, and the first immediate manifestation of this new life in conversion was an intense clinging of Christians to one another in a fellowship so deep and strong that at first they held all things in common.

The real strength of the early Christian church was in the way the individual Christians, with a new sense of the worth of their own souls, loved one another. It became a byword, marking them from the world in which they lived. "See how these Christians love one another."

The Christian church today is a vast community of many churches, comprising many lands, and many people of all sorts. It is an historic institution, as well as a fellowship of the sincerely devout and consecrated. People join the church from various motives, and many attend the services and support the church financially, who have never joined it at all, or professed any vital experience of conversion, such as transformed the early Christians.

It is the continuing evidence of Christ's presence and power, the deepest, finest, strongest thing in all the world. Would that there were more in that great company of sincere Christians! But let us never forget how great it is, or what that Christian fellowship means to a world in need, more in need than it is ever willing to acknowledge.

MOTOR VEHICLE PRODUCTION RECORD SHATTERED

Automotive manufacturers in the United States are reported by the National Automobile Club to have turned out a total of 6,200,000 new passenger cars, trucks, and buses during 1949 to shatter by a wide margin the previous record that had stood since 1929. This figure represents an average of nearly one new vehicle for every second of every working day during the year.

Meat is sold in 350,000 stores in America.

Two-thirds of the nation's population lives east of the Mississippi.

FAMILY AT WORK—The Japanese family of Nobel Prize-winning physicist, Dr. Hideki Yukawa, likes to work together in their New York apartment. In the foreground is the Columbia University professor's wife, Sumi, who answers letters as sons Taka-aki and Harumi do their homework. The physicist is at his desk in the background.

Another Courtesy S.F. Mail Box

Postmaster John F. Fixa today announced that the San Francisco Post Office has installed another Courtesy Mail box for Motorists in front of the Rincon Annex post office, Mission and Spear streets.

A welcome aid to San Francisco motorists, the new box is located on Mission street, between Spear and Steuart streets. The original Courtesy Mail box installed by Postmaster Fixa in the early months of 1949 at 7th and Stevenson streets in front of the main post office has proven to be a time sever and very popular with motorists. Parking problems are solved by being able to deposit letters without leaving the car. A special marked parking zone is provided and kept open for use of this drive-in mail service.

Frequent collections during the 24-hour period will be made from the Courtesy Mail box at Rincon Annex post office and it is expected that this service will prove popular enough to warrant further drive-in boxes installed in other parts of the city.

San Francisco produced $2 200,000 in cash farm income in 1947.

Farm value of California's nuts and fruits in 1948 was $401,351,000.

TEST YOUR I. Q.

1. For what is "Black Friday" remembered?
2. How much did the average American family spend for Christmas, 1949?
3. What industrialist startled the country in 1914 by paying his workers a minimum of $5 a day?

4. For what was Air Force Col. William Mitchell court-martialed?
5. What president made the famous statement, "I do not choose to run?"

Answers to TEST YOUR I. Q.

1. "Black Friday" was the day in October, 1929, when the stock market crashed, marking the beginning of world-wide depression
2. Forty dollars is the amount spent for Christmas gifts by the average American family.
3. Henry Ford.
4. For charging that high-ranking military men were prejudiced against aviation.
5. Calvin Coolidge.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

When those dainty white nylon blouses first came out much of the lace trimming was cotton. After many washings cotton is apt to turn yellow while nylon remains snow white. Fortunately this contrast can be eliminated by tinting the blouse a pretty pastel with all purpose dye. As a matter of fact everyone will remark about your lovely new blouse.

★ ★ ★

Table lamps used only for decoration can be any size and shape you wish. But those used for reading purposes should be high enough to shed a wide circle of light on the reading matter. To get the most possible light use a slanting shade with white inside.

★ ★ ★

Don't try to separate bacon slices when they're cold. They tear and look most unattractive. Just place the desired amount in a skillet in one piece. As the bacon cooks the slices separate very easily.

★ ★ ★

When you want something special in the potato line, prepare them this way: Cook and mash the needed amount. Add enough hot milk to make them light and fluffy. Then whip in a half-cup real mayonnaise, a little minced onion, chopped parsley and salt. Turn into lightly greased casserole. Then bake in a hot oven 25 to 30 minutes.

★ ★ ★

Many, many families in Europe are still destitute of food and clothing. Yet Post Office officials say that mailing of private relief packages overseas is running 30% below last year. Could it be that we're forgetting?

★ ★ ★

When your engagement ring and wedding band lose their lustre and need cleaning, dip them in and out of a solution of lukewarm water, strong soap and a little ammonia. When they look clean run cold water over them.

Mustering Out Pay To Stop Feb. 3rd

World War II veterans who were discharged from the armed forces before February 15, 1944, and who have not yet applied for their mustering-out pay, or the surviving next-of-kin of such veterans, have only a few weeks left in which to do so, according to Floyd D. Granger, veterans service officer.

Mustering-out pay was given to most veterans at the time of separation from the service, but those discharged before February, 1944, did not receive it; they had to apply for it through their branch of service. It is this right of application which expires February 3, 1950, Granger said.

He pointed out that veterans receiving base pay higher than that of captain in the Army or lieutenant, senior grade, in the Navy, were never eligible for the mustering-out pay of $100 to $300. Nor were those discharged on their own initiative to accept employment in war industry, unless they have served outside the continental United States or in Alaska.

Veterans and their surviving next-of-kin who may be eligible are advised by Granger to call at the Veterans Service Office, located in the courthouse, Redwood City, for further information and assistance in filling out the necessary forms.

STEAMED WINDSHIELDS

The number of cars one sees in cold weather with steamy or foggy windows and windshields indicates that not all motorists have learned the trick of using the ventilation system to keep the temperature of the glass equal on the inside and outisde, according to the National Automobile Club. The slightest opening of the vents will throw a chilling blast of air on the inside of the glass without throwing it, at the same time, on the occupants. It will prevent fogging.

National forests comprise one-third of the land area of Idaho.

Raisins of commerce are produced principally from three grape varieties.

Many *Exclusive* Features Every Week! THE DALY CITY RECORD

Write A Limerick; Send It Quick
Your Neat Authorship May Win PiP

Here is your opportunity to win enough of that new PiP shampoo to wash your hair for the next two months to a year.

Beginning this week a "Korny Kopy" contest, co-sponsored by the "Record" and France Laboratories Inc., opens on this page.

There is only one requirement for entering the zany writing contest . . . write a limerick of four or five lines, incorporating the name of Pip in the last line. An example may be found in the advertisement adjoining. Contestants may send in as many limericks as they care to write.

At the end of each week, a panel of impartial judges will look over the limericks and pick the best five. These winners will be sent two months' supplies of that marvelous new shampoo, PiP.

At the conclusion of five weeks, when the contest draws to an end, the judges will pick five grand winners. These five will each receive a one-year supply of PiP shampoo.

Remember, there is nothing to buy, no box tops or coupons to send. Merely write your limerick and send it or bring it to the "Daly City Record" office, 3317 San Jose avenue, Daly City.

The contest is open to all residents in the greater Daly City area. All entries become the property of France Laboratories Inc., and none will be returned. The decision of the judges will be final.

JANUARY THE MOST DANGEROUS MONTH

January is the most dangerous month in the year for pedestrians. Wet and icy pavements, points out the National Automobile Club, make it difficult for motorists to stop, and blinding rain or snow and longer hours of darkness all combine to give this month the highest death rate for pedestrians.

Crow Is Gregarious

Crows, except during the nesting season, are gregarious. After the young ones are out of the nest, flocks ranging from half a dozen to more than a thousand may be seen in fall and winter at some favorite feeding, drinking or bathing site.

Rapsey Takes Over South San Francisco Judgeship From Judge John Fahey

Following a brief ceremony last Thursday, Rudolph A. Rapsey took over a gavel of the South San Francisco Justice of the Peace from John J. Fahey.

Rapsey, city attorney for San Bruno, formerly served in this same capacity for Daly City.

Judge Fahey gave up his post in South San Francisco, as he said work in his Daly City office was taking more and more of his time, and it did not pay him to keep the judgeship.

Side-Bar On Bridges

By Ridgely Cummings

If I were still a reporter and Fred Walker were still my city editor — Fred is now with King Feature Syndicate but for many years he was chief slave-driver on the Call-Bulletin — I might have introduced the subject of today's column like this:

"Say, Fred, I picked up a sort of side-bar on the Bridges' story.

"No, nothing sensational but it's good human interest stuff.

"You want me to write it instead of wasting your time telling it? Fine. And you don't care how long it runs? Swell." (The Call-Bulletin was never like that in my time. They kept the stories short to save space for lots of pictures.)

So this is the way it happened. I worked late the other evening and caught a Polk street bus about quarter to seven. There were a few vecant seats in the back so I pulled a two-bit, paper-backed book out of my pocket and began walked through, sat down and reading.

BOOMING VOICE

Suddenly a bass voice broke in on me. It boomed: "Kipling, huh? Anybody who reads Kipling is a friend of mine. Is that Kim?"

I looked up and saw a red-faced man of about forty sitting in the seat ahead, twisted around to look at me. He was dressed in a pair of black work pants of the type known as Frisco jeans, a leather jacket and a cap with a union button on it, the cap pushed back on his forehead so a few strands of blond hair struck out in front. He was waiting for an answer.

"Yes, it's Kim," I said.

"Swell book," he said. "I've got all of Kipling in my library. De Maupassant too. And Nietzsche. Anybody who can understand Fredrich Nietzsche is a screwball and I can understand him. Do you mind my talking to you?"

"Not at all," I said. The chap sitting next to me on the back seat slid over and the red-faced man moved back and sat beside me. People in the bus had been turning around to see who was doing all ths loud talking. Now that he had moved I hoped he would stop shouting, but his voice had a resonant quality and I was sure it could be heard all over the bus. He leaned toward me and his breath was laden with the sour odor of beer.

QUITE A READER

"I'm a longshoreman," he announced. "I've got Marx and Engels in my library too. I've read Marx's "Das Capital" in the original German."

"Good for you," I said. "I've never been able to read him all the way through in English."

"I'm not a red though," said the longshoreman. "I was talking to Henry Schrimpf before he went to court."

"Henry Schmidt? He's one of the fellows on trial, isn't he?"

"No, not Schmidt, Schrimpf. Henry Schrimpf. He's a walking boss, a swell fellow. I've worked under Henry, in his gang. He was one of the witnesses."

"Was he a witness against Bridges?"

"That's right. The day before he went to court I said to him, I said: 'Henry, what are you going to tell the judge?' You know what he answered?"

He paused, waiting for my reaction. I said no, what?

"He said: 'Bob, I'm going to tell them the blank blank truth'."

My interlocutor put considerable emphasis on the blank blanks and heads all over the bus swiveled around in our direction, either in curiosity or annoyance. A woman sitting near us got up and changed her seat. I said: "Take it easy."

INSIDE ELECTION STUFF

"It's the truth, so help me," declared the longshoreman, whose name apparently was Bob. "Henry Schrimpf is very popular down on the front. The Bridges gang can't do anything to him because he's a square guy. He's back down there working right now. Did you know we're having an election?"

"No," I said. "For what?"

"For Local No. 10. Jim Kearney is going out. He's been president but now he's got to work a year on the front before he can run again. That's a union rule."

"Sounds like a good rule," I replied. "That way the union officials keep in close touch with working conditions by going back on the docks every so often."

"Yes, it's a union rule and it's a good one. Jim Kearney is a college man, you know. He's smart and he's not very old. Just about my age. He'll get his law degree one of these days. He's backing Phil Sandeen."

"I guess Sandeen will win then?" I asked.

"Oh, I don't know," said Bob. "Henry Schmidt, Bridges' buddy, is running against him. Wouldn't surprise me if Schmidt won. They were passing out election cards around the front for him today. Now take Nietzsche—"

"You mean they run regular election campaigns like uptown?"

"Sure. Now, take Nietzsche's "Thus spake Zarathrustra—"

We had come to my stop. I said goodnight to Bob and the riders in our vicinity seemed relieved as I rose to get off the bus.

Those Magnetic Votes

A petition is being circulated, calling for a county charter change. One change asked is that supervisors be elected from their respective districts. At present they are elected at large and are not responsible to any one district. Theoretically this procedure is fine, but in practice not so. This system is magnetic in that it draws all of the money and services to the districts with the most magnetic votes. Smaller communities thereby suffer and their only recouse is in voting for a change, which they are endeavoring to bring about at this time, by securing enough registered voters to sign their petition so that these proposed changes may be put on the ballot at the next election.

Our North Coastside communities are in the neglected areas — our taxes are near the top in the state and our benefits are near the bottom. It is a noticeable oft repeated occurrence that a small crew of County men clean out the ditches before each election, then "fold up their tents and silently steal away." Possibly this is done just before election so that voters won't fall in the ditches and never be heard from again. A week or two before every election the politician shakes your hand, tells you what a fine fellow you are and enumerates the good things that are going to be done for your community during his tenure of office, if he polls the most votes. Possibly at first you didn't recognize your visitor until he pulls out his card and you learned that he is your county supervisor, seeking another term in office.

Despite the aforementioned handicaps to progress, the ocean shore communities are growing fast, which makes our need of county help greater, such as improved roads, beaches, recreational facilities, a new connection to Skyline Highway, proper connection between County Road and State Highway at the South end, proper drainage in many areas and many other improvements, too numerous to mention.

WE NEED A CHANGE BADLY! It has been said that in the present system of electing supervisors in the county each voter gets a shot at five supervisors instead of one. At the present time it is not open season for supervisors, but we would like to know what they look like o we won't mistake them for deers when the season does open.

It has also been stated that all supervisors must be alert to the county as a whole and must serve the greatest number, the majority of all the people. Is it to the best interests of the county as a whole to discourage developers in unincorporated areas and cater to pressure groups in the big vote districts? WE DON'T THINK SO!

As to a majority of all the people, as an illustration, it could be that a majority of the people in one district might live in a skyscraper in one city block, requiring very little maintenance and a small amount of the funds available to the district, while in the remainder of the district the minority of the people's homes are spread over large acreage area and install gold door knobs in the skyscraper? WE, IN THE MINORITY GROUP, SAY NO!

No, folks, the Election at Large System does not free the supervisors from pressure groups, but it does free them from the responsibility of seeing to it that their respective districts are properly represented in the distribution of funds and services. The only difference between the old political boss and the new political boss is in their numbers.

We would like to believe that our supervisors are doing their best to distribute benefits equitably, but we realize that under the Pressure Group System it is very difficult not to favor the BIG VOTE DISTRICTS, therefore we advocate a change, the election of supervisors by districts.

Taxes have risen to an unbearably high level, while benefits have decreased to an unbearably low level in some communities. THIS IS NOT THE DEMOCRATIC WAY!

—Sharp Park BREAKERS

TOPS IN HIS CLASS—Roland Anderson, 15, of Leland, Ill., looks proudly at the 225-pound Poland China hog that won the junior grand championship at the International Livestock Show in Chicago. Roland's hog was one of 10,000 prize animals exhibited in the big farm show.

Never Underestimate Power Of The Press; At Least In Advertising

It looks as if Herb Caen started a snowball rolling when he issued a statement in the "Chronicle" Monday, January 2, that when yo dial Juniper 5-9487, a voice would say, "IT'S A PIP!"

He further classified it as an advertising gimmick, "PIP spelled backwards, I guess." However, it turned out that PIP is a new shampoo being marketed by France Laboratories, Inc., in South San Francisco. In order to handle the terrific volume of telephone calls Monday and Tuesday, January 2 and 3, a special telephone operator was needed. It lasted far into the night both days, and people are still calling JUniper 5-9487 to find out what a PIP is.

Well, now we know what a PIP is—it's the new shampoo.

Typing, Stenographic Night Classes Now Open At Balboa

Students interested in beginning and brush-up courses in typewriting and stenography are invited to enroll in the classes that have opened at Balboa Adult School, Onondaga and Cayuga avenues.

These courses are a service of the San Francisco Board of Education, and are therefore tuition free.

Classes at Balboa Adult School are conducted every Monday, Tuesday and Wednesday evening from 1 to 9 p.m.

Registration will continue throughout the next three weeks.

FOR YOUR OWN SAFETY

When driving at night, don't forget to lower your headlights for oncoming cars, as required by law and by the code of sportsmanlike driving. It's a courtesy that pays in self-protection, since your high-beam headlights may dazzle the oncoming driver, placing you in danger of a collision, points out the California State Automobile Association.

Daly City Senior Citizen Injured Slipping On Ice

Jack Frost claimed his third victim in Daly City Friday, when Matt Wilson, 76, 23 Knowles avenue, slipped on icy pavement and suffered cuts over his left eye.

Last Tuesday, two Daly City women sustained minor injuries when they fell down icy stairs in front of their respective homes.

Wilson was taken to Junipero Serra hospital from the corner of Hillcrest and Mission where she fell at 8:30 a.m. At the hospital he was treated for the cuts, and sent home.

HEAVY PENALTY

Death is frequently the penalty exacted for careless walking, particularly at night when visibility is low, the California State Automobile Association warns. When walking at night where no sidewalks are provided, always walk on the left facing traffic, and wear or carry something white, such as a handkerchief or newspaper.

There are approximately 38 telephones for every 100 inhabitants in the nine San Francisco Bay area counties.

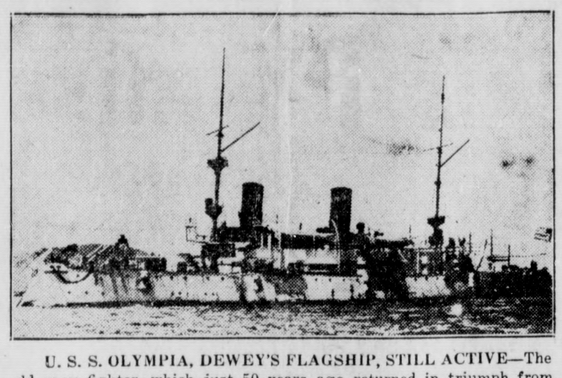
Former POWs Now May Get Forms

Daly City residents who fere prisoners of war during World War II can now obtain forms on which to claim payments for substandard diet during the time in enemy hands.

Military personnel and civilians both may apply. Application forms are available at 515 Van Ness avenue, San Francisco.

Persons eligible for benefits under the War Claims Act of 1948 include prisoners of war interned on or after December 7, 1941. Survivors may be eligible for the benefit, in case of the death of a prisoner of war or civilian internee.

Former prisoners of war may receive $1 for each day of imprisonment on which the enemy failed to provide adequate food. Under certain conditions, civilian internees may be entitled to $60 for each month of their internment.



U. S. S. OLYMPIA, DEWEY'S FLAGSHIP, STILL ACTIVE—The old grey fighter, which just 50 years ago returned in triumph from the victory of Manila Bay, lies peacefully at her slip in the Philadelphia Naval Base where she receives homage as an "eagle of the sea" that escaped plucking by the "harpies of the shore." Twenty-eight years ago she brought to the United States the body of the First World War's Unknown Soldier, and a year later was ordered to be scrapped. There was no eloquent Oliver Wendell Holmes to write another "Old Ironsides" that saved the frigate Constitution a century before, but the protests of the patriotic citizens of Olympia, Washington, forced the cancellation of the scrapping order. She's a proud ship still—just as trim and span as on that May morning in 1898 when she led Admiral George Dewey's squadron into Manila Bay. She was rated a light cruiser of 4,500 tons and was commissioned January 2, 1894, and looks young for her 55 years. The illustration is from a photograph made when she participated in the Dewey Day exercises in New York harbor September 29, 1899. Today tens of thousands annually visit the U. S. S. Olympia.

Paper Work Increases In County, But Dan Cupid Takes A Rest

With the population of San Mateo county increasing approximately 10 per cent each year, it is no surprise that county department paper work is also becoming greater.

Last month, for example, Ruth Kirste reports that 6,080 papers were handled by her office as compared with 5,147 for December, 1948. Fees were also on the upgrade with $16,907 taken in the last month as compared with $13,573 for one year ago.

However, cupid seems to be slacking off with his arrows, as 117 mariages were reported for December, 1949, as compared with 122 for December, 1948.

SPECIAL CUSHION

For short members of the family who find it difficult to drive because the car seat appears to be too low for proper vision, the California State Automobile Association advises a special cushion. Cushions designed to meet every requirement can usually be found at any automobile accessory store.

In the United States, borates have been found in California, Nevada and Oregon.

FAR FROM HOME—The natural habitat of this large white owl is in the Arctic but somehow it wandered down to Seaford, N. Y., where a resident found the creature in his yard with an injured wing and unable to move for the lack of food. Taken "under wing" at the Long Island Museum of Natural History at Seaford, the snowy owl is being patched up to go back home.

Sonoma county accounts for nearly 90 per cent of the Gravenstein apple crop.

In ancient days, saffron was considered so valuable that only royalty was permitted to possess it.

STRICTLY FRESH

FOUR men armed with machine guns held up a dice game in Kentucky and took $8500. That's a pretty fair roll.

* * *

The cost of getting a college education keeps going up, educators say. In other words, higher education is getting higher and higher.

* * *

Whether General Eisenhower is a candidate, it is obvious that he

will have to run in 1952—either with or from the politicians.

* * *

At a recent court case in Maryland, lawyers claimed that the Star-Spangled Banner was actually made in a brewery. Maybe that's why so many millions of Americans always get a "kick" out of Old Glory.
